5000 MEN PERISH IN BATTLE

WOMAN SAYS SHE WAS ROBBED OF $2,500

ACCUSES ATTORNEY MITCHELL

FACES HIM IN PRISON CELL

Mrs. Honorah Bentley Says He Steals From Widows as Well as Lures Young Girls to Their Ruin.

DAVID MITCHELL, THE ATTORNEY WHO IS ALLEGED BY EVELYN WALKER, FOURTEEN YEARS OF AGE, AND BERNICE BROWN, SEVENTEEN YEARS OF AGE, TO HAVE MAINTAINED A BUREAU FOR THE RUINATION OF YOUNG GIRLS AT HIS LAW OFFICES, 954 BROADWAY, IS NOW ACCUSED BY MRS. HONORAH BENTLEY, A WEALTHY BUT ECCENTRIC WIDOW OF BERKELEY, AND ONE OF HIS CLIENTS, OF DEFRAUDING HER OF $2500.

THE ARRESTED ATTORNEY DENIES MRS. BENTLEY'S ACCUSATION, AS HE DOES THE CHARGES OF THE TWO YOUNG GIRLS.

Mrs. Bentley called at the city prison this morning and had an extended interview with the lawyer about whom the toils of the law are mercilessly tightening, in an effort to secure a portion of the $2500 which she alleges was secured from her by misrepresentation and fraud.

WOMAN'S ACCUSATION.

"You robbed me," said Mrs. Bentley passionately to the attorney, who hesitatingly met her glance, "and now I want you to return my money."

"Don't get excited," pleaded Mitchell, "everything will be all right as soon as we have an accounting. You are letting this devil, James Fitzpatrick, (who claims to be Mrs. Bentley's contract husband) put queer notions into your head."

"I suppose I might as well let one devil rob me as another," replied the alleged victim of Mitchell's duplicity.

In an interview with a TRIBUNE reporter Mrs. Bentley made her wrongs known in the following language:

"Two years ago Mr. Mitchell came to me and asked me to sign what he called 'rules and regulations' relative to some of my interests. I signed the paper, but it turned out to be an order for $2500 on the Union Savings Bank.

SAYS HE LIED.

'I did not know at the time that I was signing any such document, and

RUSSIAN BATTLESHIPS IN ACTION BEFORE PORT OF SEBASTOPOL.

2 WOUNDED BY BULLETS FROM PISTOL OF AGED MAN

San Francisco Ferry Passengers Are Thrown in a Panic

SAN FRANCISCO, Nov. 30.—August Bradfield, during a brief altercation with his brother-in-law, Louis Springmeyer, in the Union Ferry Building today, fired two shots from his revolver. Springmeyer saw him draw the pistol and threw his arms upward. The bullets struck the ceiling and were deflected into the crowd of ferry passengers.

Charles Cutter was hit in the shoulder, and W. V. Smith received a slight scalp wound. Bradfield says he thought Springmeyer, who was accompanied by Mrs. Springmeyer, intended to assault him on account of family trouble, when he decided to fire into the air so as to summon aid.

Springmeyer, however, asserts that the weapon was aimed at him.

Bradfield is 60 years old and Springmeyer about 40.

REVOLUTIONARY LEADERS MADE TACTICAL MISTAKE DECLARES FATHER GAPON

ST. PETERSBURG, Nov. 30.—Father Gapon is here in hiding. In an interview he expressed the opinion that the revolutionary leaders were making the tactical mistake which he made before January 22 of preaching an armed rebellion, a democratic republic and an immediate eight-hour day. He added that his residence abroad had opened his eyes. Time was necessary to realize the Socialistic ideals.

He said: "If the Emperor gives a constitution, swearing to abide by it, and grants full amnesty, the people should be content for the present."

Mr. Struve, the editor of the Osvobojdenie, also denounced the tactics of "the men with whom I fought during my long exile," as sure to end in disaster. He added: "The strike, which is being worshiped as a deity, will end in industrial bankruptcy. It injures the cause. The evolution of a dictatorship of the proletariat would be as intolerable as that of the blacks. Justice, freedom and industrial reparation should be the aims."

SAN LEANDRO MAN IS ROBBED OF $250 IN GREENBACKS

SAN LEANDRO, Nov. 30.—M. M. Gusta of Alvarado was set upon by a negro and a white man here last night about 12 o'clock and robbed of $250 in greenbacks. The negro approached Gusta first and asked for a match. The white man then stealthily approached from behind and felled Gusta with a blow. The victim was too stunned to offer resistance, and the two footpads went through his pockets, abstracting therefrom $250 in greenbacks.

It is thought the robbers made their escape to Oakland.

The robbery has been reported to the police headquarters about the bay.

DISGRACED ARMY OFFICER MAKES WILL, ENDS LIFE

VANCOUVER, Wash., Nov. 30.—Captain Alga P. Berry committed suicide here today by shooting himself through the heart. He was recently tried by a general courtmartial at Vancouver Barracks and found guilty of conduct unbecoming an officer and gentleman.

The order for his dismissal arrived yesterday. Berry was a graduate of West Point, class of 1896, and was on duty as quartermaster of the transport Buford at the time the charges were preferred against him.

He was a prominent member of the Masonic order, being a thirty-second degree Mason and a Mystic Shriner.

He left a note bequeathing his property to his wife and mother.

Captain Berry's wife is a daughter of Brigadier-General A. H. Bainbridge, retired, and is now with the general at uashngton, D. C. She left here last week. Berry's home was at Kansas City.

TRYING TO REACH HIS POST

PARIS, Nov. 30.—George V. L. Meyer, the American Ambassador to Russia, who is here on his way to St. Petersburg, is giving close attention to the renewed gravity of the Russian situation. His meeting with Foreign Secretary Lansdowne in London yesterday will be followed by conferences today with the authorities here.

The ambassador leaves Paris tomorrow for Berlin, where he probably will have a further opportunity to consider the situation.

Ambassador Meyer intends to proceed to St. Petersburg by rail, if communication remains open, as the water route does not seem feasible.

BLOODY CONTEST WITH MUTINEERS

Leaders of the Black Band at Sebastopol Are Executed

BATTLESHIPS ARE BLOWN UP

ST. PETERSBURG, NOV. 30, 2:30 P. M.—THE NEWSPAPER ACCOUNTS OF THE DETAILS OF THE FIGHTING AT SEBASTOPOL, WHICH ARE BASED ON THE REPORTS CIRCULATING IN THE CITY, ARE VERY CONFLICTING, BUT THEY ALL SAY THE BATTLE ENDED AT ABOUT 5:30 IN THE AFTERNOON, WHEN THE SHIPS OF THE MUTINEERS SURRENDERED.

THE NOVOSTI SAYS THAT FIVE THOUSAND MEN PERISHED ON BOTH SIDES.

THE LEADERS OF THE MUTINEERS, IT IS ADDED, HAVE ALREADY BEEN EXECUTED, TWO BATTLESHIPS HAVE BEEN BLOWN UP AND MINES HAVE BEEN LAID AT THE ENTRANCE OF THE ROADSTEAD.

SITUATION IS ALARMING

ST. PETERSBURG, Nov. 30, 2:15 p. m.—The situation is very alarming. Russia is a complete blank, so far as direct news is concerned, all telegraphic communication with the interior having ceased.

The workmen's council has decreed that the general postoffice in St. Petersburg shall close at 3 o'clock this afternoon, when communication with the outside world may cease.

The most disquieting reports are in circulation regarding the disaffection of the guard regiments, two of which the workmen boast have definitely resolved not to fire upon the people.

The government still manages, with the aid of the administrative officers along the line, to keep communication open with Sebastopol. The manager of the Moscow office is himself working at a key there.

The contents of the cipher dispatches received by the Emperor from Vice-Admiral Birilieff, Minister of Marine, however, are carefully guarded.

MUTINEERS ARE CAPTURED

WARSAW, Nov. 30.—According to the few details which have reached Warsaw regarding the sea and land battle at Sebastopol, the rebel fleet on the evening of November 28, opened an attack on three loyal warships, the battleship Rostislav, the torpedo gunboat Captain Sacken and the armored cruiser Pamiyat Azova.

The latter replied briskly, damaging the rebel torpedo boat destroyer Svirepya and sinking a torpedo boat.

The coast batteries also joined in, and set fire to the cruiser Otchakoff, commander in the rebel leader Lieutenant Schmidt. The latter, with his mutinous followers, tried to escape in boats, but were captured by loyal torpedo boats.

At the same time the Bielostok regiment attacked the barracks occupied by the mutineers. Fifteen hundred of these, with ten maxim guns, surrendered during the night. The number of killed and wounded is not known.

GENERAL STRIKE FEARED

WARSAW, Nov. 30.—The deadlock in the postal and telegraph service between Warsaw and the interior of Russia is practically complete, the latest information from Moscow being that the soldiers of the telegraph battalion have refused to fill the places of the striking telegraph operators.

The greatest anxiety prevails here, where it is feared that a general strike involving the whole of Russian Poland may break out at any moment.

The arrests of numbers of prominent persons and their exile without trial continues.

PEOPLE FEAR MUTINEERS

LONDON, Nov. 30.—Private advices received in London from Odessa tell of a most interesting situation there. While there is no disturbance at Odessa the inhabitants are in dread of the arrival of one or more of the mutinous warships from Sebastopol, and are preparing to flee on sighting these vessels. As to the actual happenings at Sebastopol the people of Odessa are ignorant, but rumors of all kinds are afloat.

ALL HAVE NOT SURRENDERED

ST. PETERSBURG, Nov. 30, 2:30 p. m.—The Navy Department is closed, not only to the public, but to officers except those on the general staff. No official statement on the subject of the battle of Sebastopol yet has been issued and the public remains in the dark, compelled to be content with the countless rumors which are in circulation.

It is reported from a semi-official source that although the Oskchakoff, the Dnieper and a transport were set on fire and sunk during yesterday's battle, all the mutineers have not yet surrendered. Vice-Admiral Chouknin was in command of the loyal vessels, some of which, including the Panteloimon, participated in the engagement.

General Baron Meller Gakomelskie, commander of the Seventh army corps, with 21,000 infantry and artillery, was in chief command ashore.

LEGISLATIVE AGENT HAS BEEN LOCATED

Andrew Hamilton Will Not Discuss the Nature of His Reply to Committee.

PARIS, Nov 30—The correspondent of the Associated Press today located Andrew Hamilton, who was confidential legislative representative of the insurance companies at Albany, and had half an hour's talk with him concerning his plans and his answer to the requests of the Armstrong insurance committee that he gave orders to his agents in New York to surrender his papers to the committee and that he go to New York to testify

AT THE SPRINGS.

Mr Hamilton arrived here a few days ago from Bad Nauheim Springs, where he had been for some time taking the cure under the care of doctors He looked very well His face is ruddy, but he still complains of the effect of his ailment and remains under the doctors' treatment, pending their determination as to whether it will be necessary for him to resume the cure at the Springs

When seen by the correspondent, Mr Hamilton was with one of his intimate friends, who is familiar with his affairs and who explained some details which Mr Hamilton did not wish to be publicly discussed at this time Mr Hamilton did not seek to avoid the meeting

On the contrary he said that he had not the slightest desire to conceal his whereabouts, although, owing to his continued ill health and the attention required in making up his answer to the Armstrong committee, he did not desire to see visitors Answering the correspondent's request for a statement concerning his answer to the committee's request, Mr Hamilton dictated the following textual reply

"I am preparing a reply to the requests of the committee which will be sent, when completed, to President McCall of the New York Life Insurance Company"

ONLY STATEMENT.

Mr Hamilton said this was the only formal statement he would now make, but continuing his informal talk he pointed out that it would be manifestly improper to disclose or discuss the nature of his reply before it had been submitted to the committee Moreover, he was now engaged in framing his reply, so that his work was not yet completed

"You can say, however,' Mr Hamilton added, "that my answer will be complete You can also say that President McCall undoubtedly will submit my reply to the committee"

The correspondent suggested that Mr Hamilton might, without entering upon details of his reply, give his personal views upon the charges put forward in New York

Mr. Hamilton's friend thereupon replied

NO CHARGES.

"But there are no charges During the course of the legislative inquiry certain statements have been made relative to Judge Hamilton's relations with the subject, but no charges have been formulated and he is now engaged to the best of his ability in answering the statements made from time to time concerning him"

When Mr. Hamilton was asked whether he would return to New York he said it would depend entirely on the determination of the doctors The friend of Mr. Hamilton added:

"Mr Hamilton has been asked to take a prolonged cure at the Springs His illness is now manifesting itself in a cutaneous affliction of his hips and shoulders. Should the doctors decide that his return to the Springs is imperative, Judge Hamilton will probably have to comply, as saving his health is far more important to him than this insurance controversy"

In conclusion, Mr Hamilton said he hoped to be able to complete and forward his answer in the next few days

DRUBBING INSPIRES F FAPPIANO WITH RESPECT FOR ONE L MERETA.

Louis Mereta the strongest man in Oakland according to the statement of his friend and roommate Frank Fappiano has no ear for music nor is his soul moved by the concord of sweet sounds 'Let no such man be trusted said Shakespeare but Fappiano being unfamiliar with the Bard of Avon took the strong man to his home in a Washington street lodging house

HIS DEDUCTIONS ALL WRONG

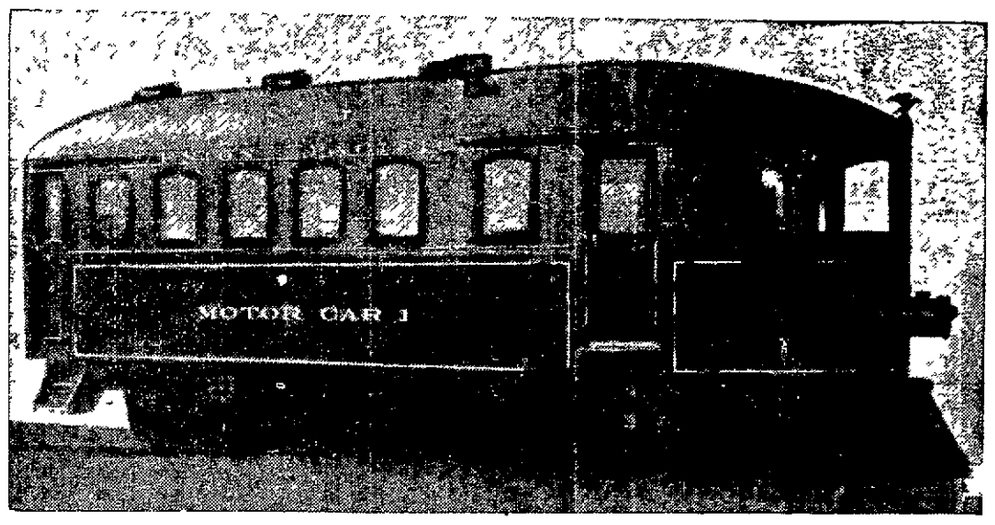

Sherlock Holmes and the deductive method of reasoning were being discussed by the coterie interested in deciding the affairs of the universe when the druggist spoke up

Once when I thought I knew as much as you all think you know an Italian came into my store and pantomimically designated what he desired by waving his hands above his head I gave him something for an attack of headache He soon came back with a friend who spoke English and I then learned the man wanted to buy flypaper

A few months after this experience an Italian woman came into the store and illustrated her desire to purchase something by vigorously digging her fingers into her hair Without much hesitation I gave her some insect powder Early the next morning she returned with a friend who was a linguistic expert, from whom I learned the woman simply had a headache'—New York Press

INQUIRY REACHES GERMANY

Threaten to Appoint Receiver for Insurance Company.

BERLIN Nov 30—The Imperial Insurance Office has informed the representatives here of the Equitable Life Assurance Society of the United States that it will appoint a receiver to administer upon the company s property in Germany in the interest of the German policy holders unless the company increases its premium reserve invested in Germany as required by the insurance law of May 1901

The company takes the standpoint that it is not subject to that law since it no longer takes new insurance anywhere in Germany but the imperial authorities will not accept this explanation and insist that the company s existing investment in the premium guarantee fund must be increased

After a receiver is appointed he will take possession of the Equitable s buildings in Berlin and other German cities and administer them on if necessary will sell them in behalf of the German policy holders

It is the belief of the army officers that with the acquirement of practical and technical knowledge by the officers in the baking of bread and cooking of food a great reform will be brought about in the preparation of food in the army

ACCUSES ATTORNEY MITCHELL

(Continued From Page 1)

Mitchell lied to me He should not have done it

'A short time after he got the money he deceived me into signing another paper whereby Joe Ennis, my son-in-law secured $600 as attorney fees I never hired him as an attorney, and he was not entitled to the money. When I pressed Mitchell for a settlement he put $250 in the bank, but what is $250 out of $2500?

CLAIMS ROBBERY.

'I was simply robbed by Mitchell while he was acting as my attorney, and now I want my money back'

While Mrs Bentley was telling her story Mitchell interrupted with the remark "Don t you remember that you signed an order for that money?

'No, I don't remember of signing an order You got me to sign what you called 'rules and regulations'

"You must not get excited,' said Mitchell Everything will be all right when we come to an accounting"

WANTS HER MONEY.

'I am not excited, but I want the money you robbed me of. A devil of a cent have I got out of you."

"Did I not deposit $250 for you?" asked Mitchell, who was entirely on the defensive

"Yes and you have kept the rest," replied the widow Attorney Mitchell was not averse to giving an interview, but could not tell what consideration there was in the transaction whereby Mitchell secured the $2500.

"She gave me an order for the money about two years ago I paid back to her nearly $1000 When the time for settlement comes it will be found that everything is all right."

The imprisoned lawyer has sought thus far in vain for bondsmen

CARD OF THANKS

I desire to take this means of expressing my sincere gratitude to those who were so kind to me during the sad hour of my bereavement in the demise of my beloved father, Jacob A. Treager, who was laid to rest on last Sunday afternoon. HENRY TREAGER.

FIREMEN WILL TRY TO UPHOLD ORDINANCE

Working in an Endeavor to Have the Council Over-Rule the Mayor's Veto.

The firemen of the city who had hoped to benefit by the recent law passed by the State legislature relative to securing one day a week off are seeking to have the ordinance vetoed by Mayor Mott passed despite the chief executive s disapproval To provide for the days off would entail an additional expense to the city of approximately $6000 Mayor Mott based his veto on the fact that the law passed by the legislature was unconstitutional in that the State had no right to interfere in a purely municipal affair

City Attorney McElroy is now looking up the law in the matter and states that there is a very grave question as to the validity of the recent enactment of the legislature He will report to the Council next Monday night on the legal phase of the ordinance which will come before the Council for final passage or rejection In reference to giving firemen four days off a month City Attorney McElroy says

'I am in sympathy with the ordinance providing that the firemen shall have at least one day in seven off, but it appears as if the State law is unconstitutional It has been held by the Supreme Court that the State legislature had no right to fix the salary of municipal employes There is a very grave question then, if the legislature can fix the number of hours or days that the employes of the city shall work

Even if the ordinance was passed in its present form by the Council, if the ordinance is illegal then the firemen would be unable to get their salaries

'The Council has the right however if it sees fit, to pass an ordinance increasing the number of the employes of the fire department irrespective of the bill passed by the legislature If the Council is desirous of giving the firemen the benefit of four days off during the month, it could be accomplished by increasing the number of employes and allowing the matter of days off to become a matter for the department to regulate"

ARGUE MIDSHIPMITE IS NOT GUILTY OF MURDER

Counsel Closing Case for Young Meriwether Who Killed Mate in Fight.

ANNAPOLIS, Md Nov 30—At today's session of the Meriwether court martial the counsel for the defense suggested that the case be submitted without argument To this the judge-advocate objected James Munroe then opened the case for the defense His first line of argument addressed itself to the medical testimony produced by the defense This he said, was inconclusive except as to the fact that none of them had ever seen injuries such as were received in this case from fist blows but all had seen injuries from impact against hard substances as was testified to such as the deceased received in the falls Therefore the court should hold that the accused had no criminal connection with the death of Midshipman Branch

So far as the charge of manslaughter is concerned, Mr Munroe said we will rest the case there

Mr Munroe said further

If Meriwether is convicted of anything further than disorder he will be making a vicarious sacrifice for the systems and for the sins of generations if they be sins A condition has been shown in this case which makes it impossible that the accused should have refrained from the fight.

FIGHTS ALLOWED

'As to the second charge which includes the specifications of using provoking words and assaulting we find that officers having charge of the interior discipline of the academy had a hazy idea of the position of fighting under these regulations It was clearly established that fights for personal insults were not to be investigated

As to the charge of using provoking language toward Branch, counsel argued that Meriwether had not gone to Branch's room to provoke a fight, but merely to make an explanation of a condition which had been intolerable to him and which, if not obviated would have driven him from the academy

"Twice," he said, Meriwether had shown the most generous spirit in refusing to hit Branch when the rules allowed him to strike and in offering to give up the fight after having committed an unintentional foul, and had shown the possession of the very quality that made our Farragut and Decatur and that would cause men to follow him into the very jaws of death No motive has been shown in this case, as the specifications allege. On the contrary his conduct has been generous

"On the third charge of disorder in a spirit of candor, we must admit that these acts were disorderly, but the accused has had his punishment. The superintendent said that judging from precedent dismissal was too severe a penalty for that offense We expect the consideration of the court'

READS TOM BROWN.

Lieutenant-Commander James M Robison spoke with great difficulty on account of an attack of tonsilitis He said he was delighted that the autopsy had been asked and performed It had made Meriwether feel that he did not cause Branch s death and that was better than being acquitted on the ground of reasonable doubt. Lieutenant-Commander Robison then read from Tom Brown at Rugby' about schoolboy fights and appealed to the court to say if the principles did not appear to them to be the right ones.

"He may not have been exactly right from my standpoint he said but the traditions of the academy and the position of the academy authorities toward fighting were responsible for Meriwether s mistaken idea I grant that fighting is wrong but there might have been a minor penalty inflicted if Branch had lived and the accused is not responsible for his death'

The testimony shows that Branch had a much better chance of living he said, had he been treated judiciously first by his companions and then by the surgeons in whose hands he fell

Judge Advocate Marix opend for the prosecution He said

PROSECUTION BEGINS

There is no voluntary and involuntary manslaughter the latter being the charge in the present case The court listened to an especially fine set of witnesses particularly the midshipmen, but there are two exceptions These are Midshipman Humphrey, who stammered too much when he came on the second time and told a story that contradicted Captain Colvocoresse and Midshipman Fitch whom I shall impeach All of the doctors who had part in the case testified that death had resulted from fist blows Opposed to this was the testimony o only one medical witness, Dr. Ames Dr Glazebrook in defiance of the practice of courts-martial had been kept in court and then put on the stand and his testimony should not be given much weight'

Captain Marix called attention to certain phases of the medical testimony and argued that the great weight of evidence sustained the view of the officers connected with the operation The signs of the Odema which had caused the death had disappeared when the autopsy had been made nineteen days from death

DENIES THE FALLS

'If said the Judge-Advocate 'the evidence does show that death was caused by clots and the clots came from a fall and not fist blows I will join in congratulating the accused and not ask for conviction on the charge of manslaughter But have the falls been proven? It is on this point I will impeach the testimony of Midshipman Fitch Before the board of inquiry and on the stand the first time Fitch said nothing about any fall, but when the point had arisen Midshipman Fitch, who had refereed the fight gave evidence of falls during the fight I think his evidence should be stricken out Fighting is prohibited at the Naval Academy, and everyone knows it They are conducted in secret and this very fight was secret A person is responsible for all the results connected with a wrongful aim. For a set of young gentlemen to propose a brutal and beastly fight is a fine thing to acknowledge or to offer as an excuse A fist fight does not always show real courage The best fist fighter may be the meanest coward in battle

NOT A HERO

A prize fighter is not a hero The evidence has shown that Branch was not malicious, though his running may have been specially directed towards Meriwether to some degree It is the opinion of many, I believe for certain midshipmen to direct their attention to certain of his classmen The acts of Mr Branch at the line were not severe or unusual and do not constitute any mitigation."

In connection with the visit of inspection which discovered the suit case, the Judge-Advocate said there was no evidence to show any unlawful act on the part' of Branch

At the conclusion of Judge Marix's address the court adjourned until 2 o'clock p m, when United States District Attorney John C Rose will close for the prosecution The case will then be given to the court

CLAIMED BY TWO WOMEN

Much Mystery Surrounds Life of Man With Two Names.

There is considerable mystery connected with the serious accident which happened on the San Leandro road Tuesday afternoon, in which J. Fletcher Sims, sometimes known as Fletcher Williams, was injured. He now lies in an unconscious state in the Providence Hospital, where an operationwas performed yesterday morning, and a blood clot removed.

In the automobile at the time of the accident was Mrs. Blanche Williams, who claims to be the wife of Sims. She states that they were married in Southern California seven years ago.

At the same time, Mrs. J. F. Sims, who resides at 2421 Warring street, Berkeley, with her two daughters, Myrtle and Ethel Sims, declares that Sims is her legal husband. Although they have been separated for some time she maintains that they have never been divorced, and that if Mrs. Williams has been married to Sims he had committed bigamy.

Sims, or Williams, has lived in a beautiful bungalow in Alameda, which is surronded by a high fence, for the past five years, and with him lives Mrs. Williams. The house is said to be in the name of Blanche Williams.

Mrs. Williams was formerly Blanche Littell, who figured prominently some years ago in the gay life of the red-light district. When asked last night concerning her relations with Mr. Sims Mrs. Williams said: "What is the use of discussing all these things? It is nobody's business whether they are true or not. He is now my husband, and he lies at death's door. Under these circumstances, why am I to be worried with questions. I went to the hospital this afternoon to see him. He was unconscious and could not see me or speak to me."

Here the woman wept and her grief appeared deep-seated and sincere. She claims that she has never seen Mrs. Sims of Berkeley, and between her sobs evinced enough curiosity to ask how the woman acted, and what she said when the news of the accident was conveyed to her.

Mrs. Sims, who feels greatly the notoriety thrust upon her and her children, declines to say anything except that she is still the legal wife of Sims, and the claims of Blanche Williams are absurd.

Mr. Sims has been too weak to be questioned regarding the mystery.

FIRE DESTROYS A BARN IN FRUITVALE LAST NIGHT.

FRUITVALE, Nov. 30.—Fire last night destroyed a barn on Lincoln avenue, about a half mile from Dimond postoffice, in which three horses were burned.

The barn belonged to Mr. Lewis, a rancher living on the place where John Spyukie was murdered.

The fire was discovered shortly after 11 o'clock last night. Its origin is unknown.

YOUTH IS AGAIN IN TROUBLE

ACCUSED OF STEALING A BANK CONTAINING $40 FROM SALOON.

Frank Sylvester, a San Leandro youth, is again in trouble and has been arrested and put into the County Jail for stealing a bank with $40 in it from the saloon of Manuel Frates.

It was only about a year ago that Sylvester was tried before Judge DeHaven for taking a package of mail off a mail box in San Leandro and was sentenced to six months in the County Jail, and he is now again in trouble on a more serious charge.

FRANCE HAS NOT SETTLED

Venezuela Trouble is Still in an Acute State.

WASHINGTON, Nov. 30.—The acute situation between France and Venezuela has for some time past distracted attention from the quarrels which the Venezuelan Government already had on hand with her neighbors.

Some diplomats here familiar with the conditions in that part of South America feel that in the near future other trouble may be expected, and that some day the trouble between The Netherlands and Venezuela may be renewed, possibly leading to an outbreak between the two countries.

The chief complaint of The Netherlands Government is the way in which the Venezuelan customs house officers exercise their right of search.

It is alleged that many times without due cause the customs officers bring Dutch ships to their ports and keep their crews practically prisoners.

The Venezuelan Government, on its side, has made several complaints about smuggling trade which is going on from Curacao into the harbors of Venezuela and which consits chiefly of firearms.

For the last thirty years there has been a law in Curacao forbidding the exportation of firearms, but the large colony of Venezuelan political exiles who come to the island to be near their old home and still be free to make new plots against President Castro make it extremely difficult for the Dutch authorities to enforce the law.

From both sides protests have been made, but it is charged that the Venezuelan Government followed the same course as in most of its diplomatic enterprises, and the Dutch demands have never been fully answered.

The Dutch newspapers have begun to insist upon more vigorous action by their government, and it is felt here that after the French matter has been settled this probably will be the next trouble in the Carribean sea.

WHAT CAUSED HER INJURY

WOMAN'S NOSE BROKEN; SAYS SHE SLIPPED AND FELL.

Mrs. Mary McCarthy of 349 Twenty-third street was treated at the Receiving Hospital last night for a broken nose. She said that she slipped and fell on it, but at the same time told Steward Harry Borchert that it was a fine husband that she had.

Proper plasters were placed on the fractured member, which, it is believed, will grow to its normal shape again.

PROTEST AGAINST BIG POLE

C. H. King Prevents Telephone Company From Taking Action.

Determined that the Pacific States Telephone Company would not place a pole in front of his building at Twelfth and Harrison street, Charles H. King, millionaire and pioneer of Oakland, engaged in an encounter yesterday with the employes of the company who were digging the hole where the pole was to be planted.

The telephone company had dispatched men to the place, who began to dig the hole.

Mr. King saw them at work, and told them they would have to find another location for the pole besides in front of his place.

The men paid no attention to his request, and simply told him that they were doing their duty. He then called up the officials of the company, but receiving no satisfaction from them, he determined to take the matter into his own hands.

Dispatching a messenger for his attorney, Mr. King and his son sallied forth, aand seizing the tools of the company, quickly refilled the partially completed excavation.

The battle then went on in earnest, Mr. King and his son throwing the earth into the hole as quickly as the men threw it out.

Mr. King continued his fight until the foreman, seeing that they were making no progress in their work, ordered his men to stop work and report to the office.

Finding that Mr. King was determined to prevent the erection of the pole in front of his place, the telephone company decided to erect it at the place designated by Mr. King.

DRIVEN INSANE BY DEATH

Husband's Demise Causes Woman to Lose Her Mind.

With her husband dead at their home at Irvington, Mrs. Margaret Caffaney is detained in the insane ward of the Receiving Hospital and is to be returned to the asylum at Napa, from where she was admitted to parole a short time ago.

The death of her husband, it is believed, has caused a return of her malady and she became so violent that her friends were unable to do anything with her.

She was committed to the asylum some time ago and recently her husband took her out, hoping the change might do her good, and the asylum authorities let her go on parole.

A week or so ago Caffaney, however, was taken sick and died in a few days and the shock undid all that nursing and care had accomplished for her.

Caffaney for many years was employed at the Dierks undertaking parlors in San Francisco, but more recently set up a business for himself at Irvington.

"CABBAGE PATCH" AUTHOR BEGINS SUIT

CLEVELAND, Nov. 30.—Mrs. Mary Baas of Louisville, better known as "Mrs. Wiggs of the Cabbage Patch," is inflamed to a wrathy pitch once more on account of the notoriety she has gained as the original of Mrs. Alice Hegan Rice's story, and this time she has sought balm for her injured feelings to the tune of $250,000, which she seeks to recover as damages from Liebler & Co., now producing the dramatized version of the book.

Mrs. Baas has begun a civil suit, and judging from past history, Liebler & Company consider themselves lucky, as her usual mode of dealing with those who annoy her is to pour hot water upon them.

If you are sick or "feel badly," begin taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because as soon as your kidneys begin to get better they will help all the other organs to health. A trial will convince anyone.

The mild and immediate effect of Swamp-Root the great kidney and bladder remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root will set your whole system right, and the best proof of this is a trial.

DEAR SIR:
"Ever since I was in the Army I had more or less kidney trouble, and within the past year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.
"I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this I had a doctor examine some of my water today and he pronounced it all right and in splendid condition.
"I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers, I am, very truly yours,
"I. C. RICHARDSON."

Swamp-Root is not recommended for every thing but it promptly cures kidney, liver and bladder troubles, the symptoms of which are—obliged to pass your water frequently night and day, smarting or irritation in passing, brickdust or sediment in the urine, headache, backache, lame back, dizziness, poor digestion, sleeplessness, nervousness, heart disturbance due to bad kidney trouble, skin eruptions from bad blood, neuralgia, rheumatism, diabetes, bloating, irritability, wornout feeling, lack of ambition, loss of flesh, sallow complexion, or Bright's disease.

If your water, when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is pleasant to take and is for sale at drug stores the world over in bottles of two sizes and two prices—fifty cents and one dollar. Remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FINDING GOOD HOMES FOR HOMELESS CHILDREN

Governor Pardee's Agent Tells of the Good Work Being Done in New York

A. J. Pillsbury's latest official reports to Governor Pardee are as follows:

HOME FOR HOMELESS ONES.

The Remarkable Success Achieved by a Well-Organized Bureau in New York City.

NEW YORK CITY, Nov. 15, 1905.

In the forty-three orphanages which the State of California, in the main, supports there are, roundly speaking, one thousand children who are both free and fit to be placed in homes to be reared as own children, but, in California, there are no adequate instrumentalities for home finding for these children. There should be.

The Children's Agency in San Francisco has one woman trying to do the work of three. There are some more or less responsible home-finding societies that are doing something in the way of placing out children, but they are at least open to the suspicion of devoting more of their energies to soliciting money for their own support than to placing and watching over dependent children. California needs some authorized instrumentality for the finding of childless homes for homeless children, and maintaining public guardianship over them, during their minority, and that instrumentality needs such a dependable support that those who do the work may not also have to do the begging to sustain the work.

THREE HUNDRED A YEAR.

In the Eastern States and cities there are many such organizations, but among them all nothing has interested me more than the Catholic Home Bureau of New York City. This bureau was established seven years ago and now has about 1500 children in its care, and this number is increasing at the rate of 300 per year in the way of new children placed out. Not only are the children placed out, but they are watchfully guarded while out.

The Catholic Home Bureau is managed by a board of fifteen members, all but two of whom belong to the Catholic laity. Many of the directors are men of large affairs, yet not too busy to give much time and thought to the well being of the little people who come into their custody. The bigger and busier the man the more ready he seems to be to give his time and his thought to this form of charitable work.

The Catholic Home Bureau maintains an office in New York, with a superintendent and corps of stenographers and seven agents in the field. Three of these agents are women, four are men, and all of them are secular. They are under salary and give their whole time and thought to the work.

THE METHOD OF WORK.

The method of work is as follows: When about to enter a new diocese the consent of the bishop of the diocese is first obtained for the enlistment of the priests in the several parishes in the good work. Sometimes, and always if required, the bishop of the diocese exerts his influence with the pastors in the several parishes to aid the bureau all they can. A little pushing is sometimes necessary because now and then a priest feels that his hands are as full of work as they well can be, but generally co-operation is spontaneous and efficient.

The pastor announces the probable visit of an agent of the bureau, and asks his people to think the subject over. Then he makes and has ready for the agent upon his arrival a list of eligible homes for the possible placing of children. No child is placed in a parish without the approval of the pastor in that parish but much more is required than his approval. That approval is indispensable but not all sufficient.

PICTURES PLAY A PART.

The agent visits the designated homes in the parish, taking with him photographs of children that have been placed to good advantage. He shows these winsome little photographs a good deal as agents for nurseries are wont to sell fruit trees to farmers with the aid of chromos of the fruit when it is ruddy and ripe; but, in the case of the baby, the purpose is not to deceive but to interest, and there is not in this world anything more interesting that a prettily dressed, well-scrubbed and polished child in short clothes.

All this time the agent has been taking notes. He has been through the house from cellar to garret to see if it is clean and wholesome, to see if it bear evidence of good housekeeping, if the child is likely to be lonesome in the house. He find out if the neighborhood is a good one, how far it is to school, and if he or she can attend religious services advantageously. A girl will not be placed in a family if there be a boy there already, and no girl over 12 will be placed for adoption. It is generally required that those taking children shall own their own homes. Anyhow they must have a permanent home and be reasonably prosperous. Children are not placed with old and feeble persons, or persons not likely to live long enough to bring them up to maturity.

THE FINAL DECISION.

When all the facts regarding any prospective home that can be ascertained from priest, agent, and neighbors and responsible parishioners are brought together, a committee of the board of directors of the bureau sits in judgment on the home or disapproves it as seems wise. Fully half of the applications are disapproved by this committee, and to these no children are sent.

Having found a home for a child the next thing is to find a child for a home. For this purpose the agent of the Catholic Home Bureau has access to fifteen Catholic orphanages receiving children from New York City. He becomes acquainted with these children as intimately as possible, learns from those who have cared for them what their characteristics are, their history and heredity, if possible, and makes up his mind which child will fit best in each approved home. When a selection has been made, the committee of directors gets together and make a final decision as to the placing of each particular child. Their determination settles it. The child goes to the designated place and not to another, and the family receives that child or none. No picking out of a bunch is allowed for it confuses the picker and makes decision difficult and reconsideration probable.

The test of this system is whether or not the children stay put. A long-whiskered Nebraskan, engaged in child placing, confessed to me at Portland, Oregon, last summer that seventy-five per cent of his wards had to be replaced from one to three times and that one girl, placed the tenth time, had just been adopted. Our reform schools are full of children who have been playing that kind of pussy-wants-a-corner. Its effects are abominable. Less than one-half of one per cent of the children placed by the Catholic Home Bureau of New York City have had to be placed the second time. They have stayed put.

STATE BOARD OF CHARITIES.

To make sure of the happiness of the child, it is visited at least twice a year by an agent of the society, and every placement is reported to the State Board of Charities, which has the child visited independently of the Home Bureau, of which the City of to the Home Bureau and to whomever else has, or should have, authority over or interest in the child.

It costs $1000 a month to pay the running expenses of the Catholic Home Bureau of which the City of New York pays one-half. It can well afford to do this because the Home Bureau has, during the seven years of its life, saved the City of New York $800,000 by finding homes for children that the city would otherwise have been sustaining in orphanages at a cost of $104 per year. The St. Vincent de Paul Society makes up the remainder. The agents in the field do not have to beg as they go, as they should not.

California could afford to expend a similar amount for aiding a similar organization and for a similar reason. "Protestant Placing Out" will be the subject of another chapter.

A. J. PILLSBURY.

STATE BOARD OF CHARITIES

In Eastern States Such Boards Play a Considerably More Important Part Than in California.

NEW YORK CITY, Nov. 16, 1905.

The State Board of Charities and Corrections has not, in California, quite found itself or found its place in the public economy of this commonwealth. This is partly the fault of the board itself, which has been too timid, and partly the fault of professional politicians who want nothing to come between them and direct personal contact with all functions of State government.

Be assured that this is not so where such boards have discovered themselves and where they have given that discovery due publicity. So fas as I have gone at this writing, I have found no department of State government more valued for the useful services performed, or more heartily and universally trusted, than the several State Boards of Charities and Corrections of the East and Middle West.

I am not sure that the idea of having such a board originated in Massachusetts, for I have not taken pains to look up the history of the board in that State further than to learn something of its evolution and gradual transformation into its present form as the exigencies of government and politics have from time to time ordained.

THE BAY STATE'S BOARD.

Nevertheless, the Massachusetts Board of Charities is a very old and a very busy organization. In the beginning it managed, or supervised, about all State institutions, but as new commissions were created to make specialties of different departments of State government the sphere of usefulness of this board became greatly reduced. The prison and lunacy commissions were offshoots from the State Board of Charities, which has been at last reduced, as a principal service, to the care of children who have become wards of the State. The board does some work in planning and reporting upon the advisability of establishing new State institutions, but the care of the State's dependent children, and the making of investigations and reports upon matters of public policy, at the request of the Governor, absorb most of its energies and substance.

A BUSY BOARD IN NEW YORK.

In New York the State Board of Charities seems to be broadening out rather than drawing in its sphere of usefulness. It is directly interested in, or has representation on, a number of governmental activities and enjoys the full confidence of all with whom I have come in contact. The care of dependent children is, to be sure, a main concern, for it looks after all of them, if not exclusively, then inclusively with the co-operation of child-saving societies of more or less private character. In Massachusetts, as well as in California, the State Board of Charities is denied the right to investigate and make recommendations regarding wholly private institutions for the care of dependent childhood, but even in Massachusetts wherever a dollar of public money goes for the aid or support of any child, dependent or delinquent, the protecting care of the State Board of Charities follows the dollar to the child and sees to it that the child gets the full benefit of the dollar.

VIEW OF THE CATHOLICS.

It has been said in California that this restriction upon the power of the State Board of Charities was made at the request of our Catholic fellow citizens. In view of the cordial relations which exist in New York between the State Board of Charities and the several Catholic organizations, I am at a loss to understand how this can be so. They all work together, hand in hand, and with the utmost cordiality and singleness of purpose. In Massachusetts private orphanages, for example, receive no public money, and so the reason for supervision is not so strong as in California and New York, where they do, but I think that the State Board of Charities should follow public moneys apportioned for the care of the State's wards to its final expenditure. I find New York Catholics, very prominent in charitable work, most heartily in favor of this principle and in its undeviating application to public affairs.

IN TOUCH WITH THE PUBLIC.

In the East I find that the State Boards of Charaties take the public unreservedly into their confidence, and are looked to to keep the public advised as to what is being done, and what is needed to have done. These boards are composed of Catholics, Protestants and Hebrews, and the biggest, busiest and best men in the State think it worth their while to serve on such boards year after year without compensation. The protection afforded taxpayers and defenseless children is worth all that such boards cost many times over. These Eastern States would not be without such boards. The politicians might be willing to worry along without them, but the people would not.

I think that it is up to the State Board of Charities and Corrections in California to get in closer touch with the public. The board should make every scrap of information of public interest and do it without delay after the event has occurred. That is what such boards do in the East and the politicians cannot prevail against them, largely for this reason.

He complains that the contract has been broken and that he has been discharged before the end of the year, for which he asks damages.

CHICAGO AND MICHIGAN BATTLE FOR HONOR

Play Championship Game Before an Immense Concourse of People

CHICAGO, Nov. 30.—Clear skies and temperature well below the freezing point gave early promise of almost perfect conditions for football this afternoon, when Michigan and Chicago were to meet on Marshall field in the climax of the football season in the West, with the honor of the Western championship depending on the outcome. Barring an unlooked-for tie score, the game would settle this question beyond dispute, for Minnesota, heretofore a disputant for the honor, was put out of the running by Wisconsin, and both Chicago and Michigan had defeated the Badger eleven

SULLIVAN WILL FIGHT CANS

SAN FRANCISCO, Nov. 30—Next week Morris Levy, manager of the Hayes Valley Club will probably consummate a match that will be hailed by the San Francisco sporting public as one of the best among the many good cards that have been presented here the last several months The Hayes Valley manager will match Mike (Twin) Sullivan of Cambridge and Joe Gans of Baltimore to go twenty rounds during the month of January The weight, side bet and other matters in connection with the bout will be settled when the articles are drawn up and signed

The Sullivan-Gans match has been in the air ever since their fifteen-round go in Baltimore several months ago, when Sullivan was acknowledged to have had the better of the argument The fight was called a draw but those who saw it contend that Sullivan outpointed the clever negro.

SCARCITY OF MEAT FEARED

BERLIN, Nov. 30—The Reichstag today discussed the Socialist interpellation asking Chancellor von Buelow what measures the Imperial government proposes to take against the meat scarcity Herr Scheidmann, Socialist, quoted figures showing the increase in the slaughtering of animals at public abbattoirs and their lighter weight compared with previous years.

The price of pork, he said, was 49 marks per hundredweight in Chicago, 79 in Rotterdam, 126 in Berlin, and 135 in Stuttgart. He denied that the closure of the frontiers was necessary to protect German livestock against foreign diseases, saying such diseases were rare in France, Holland and Denmark, whereas 36,000 farms in Germany were reported to be affected with red murrain in 1904, and 45,000 in 1905

JUDGE DE HAVEN WILL NOT MAKE A REPLY

Refuses to Discuss Criticism of Himself by Attorney-General Moody

SAN FRANCISCO, Nov 30.—United States District Judge De Haven will return no answer to the criticism of his official acts made by Attorney General Moody He is awar that his charges to the juries in both the Wright and Cress Unger cases have been termed "confusing" and 'not clear enough," but he will not take up the cudgels in his own defense.

"I know nothing whatever about this matter," said Judge De Haven when seen in his chambers this morning "My charge to the jury in the Cress Unger case is public property and the Attorney-General has the same right as any other American citizen to express his opinion about it At the same time I cannot enter into a discussion of the matter with him or with any one else

'I suppose he ha samde his criticism of me in correspondence with the United States Attorney, who, no doubt, wrote to explain his failure to convict in these cases I have not seen the letter, and anyway I would not care to be quoted about it."

The criticism of Judge De Haven by Attorney-General Moody was made in a letter to United States District Attorney Devlin, who conducted the trials in question—those of Cress Unger and George Wright.

Two juries disagred as to the guilt of Unger, who was charged with appropriating $1500 while employed as a customs' clerk in this city Wright has been found guilty, although it was admitted at his trial that he had appropriated to his own use $5000 which passed through his hands as chief clerk of the Internal Revenue Office. In both instances the money was refunded after the guilty parties had been discovered and charged with the crimes

Attorney-General Moody started an investigation when he found that the prosecution of Wright had been as unsuccessful as the two trials that Cress Unger was subjected to After reading full histories of both cases he came to the conclusion that his representative here, District Attorney Devlin, was not to blame for either the mistrials or the acquittals, but that they followed logically from Judge De Haven's charges to the juries According to the letter, Judge De Haven's charges were confusing and the fac that the two men made restitution after their guilt was known was not brought out with sufficient clearness.

ARRESTED FOR ARSON

Sheriff Frank Barnet this afternoon arrested Richard Treffurth, of Fruitvale, on a charge of arson He is accused of having set fire to the barn of a man by the name of Luhr, for whom he worked at one time Suspicious circumstances and the tracks leading to and from the barn, the Sheriff says, implicate him sufficiently to warrant his arrest

THANKSGIVING IS OBSERVED

SAN FRANCISCO, Nov 30—San Francisco as a community is happy and thankful today The good old holiday of Thanksgiving is being appropriately observed in all the homes, churches and clubs of the city, and, although no public event calling for a great gathering of the people has taken place, the bright sun and crisp cool air have conduced to much going about and many exchanges of social calls

Business in all the downtown houses has been suspended until tomorrow Some of the smaller shops and offices were kept open for a few hours in the morning but by noon all doors along the business streets were closed.

In the houses of worship the morning services were largely attended The Catholic and Protestant congregations assembled for masses and praise services, many of which were of an elaborate character In a number of the churches special attention had been given to the music, which, as is usual in San Francisco, was of a high order of excellence

Although no large dinners were given to the poor by the Salvation Army or the Volunteers of America, a number of smaller affairs brought happiness and contentment to many poor people

PLANT DESTROYED BY FIRE

PITTSBURG, Nov 30.—A fire which broke out in the five-story building of the Graff Stove and Range Company in Liberty avenue, between Ninth and Tenth streets, today, totally destroyed that structure and caused a loss of about $150,000

THANKSGIVING 1705-1905.

Shades of a noble race, whose loyal ones
Draw round the board, this day you loved so well,
Gather with us as we, your daughters, sons,
Renew our youth, and note your memories dwell
In thankful hearts.

Soften our hearts, Thou giver of all things,
As once more round the family tree we meet
Bring back remembrances, and to care give wings.
Today, let spirit and these mortals greet
At sacred feast.

TWO KINDS OF BOYS.

(From the Baltimore American.)

WITTE LACKS POWER

Confidence in Him Loses Ground Because of Emperor's Stand.

BERLIN, Nov. 30—The St. Petersburg correspondent of the Vossische Zeitung, who talked for five hours with representative leaders of all political and social classes outside the court circles, cables by way of Stockholm under yesterday evening's date as follows

"The results of these interviews is the conclusion that the action of the Zemstvo congress in recognizing the socialistic organization as the strongest has driven many wavering elements to join the Socialists, although these openly proclaim that the capitalists will be abolished as soon as the government is displaced. A rich merchant informed me that he pays $50 weekly to the strike leaders who give him a permanent guard of workmen

WITHOUT THE POWER.

"Confidence in Premier Witte's cabinet is disappearing in political and commercial circles, since it is growing daily more evident that Witte is without the necessary powers from the Emperor. These circles believe rightly that General Count Ignatieff's influence is growing Partisans of the reactionary interior Minister Dunrovo confirmed to me the statement that Prince Tcherbatoff is oaganizing a loyal militia, and added that Durnovo and Tcherbatoff are trying to force matters to such an extreme that at a given moment they can fall upon the Liberals with this temporary militia. These classes designate Durnovo as Witte's successor. In a very few days a crisis must decide whether the autocracy will be resurrected."

John Reams, an old man living at Peach avenue and Alden street in Alameda, went to the Receiving Hospital this afternoon suffering from a badly lacerated head which he said was the result of being struck by a heavy coffee cup thrown at him by his son, Frank. There was a cut about two and a half inches in length on his right temple, which required five stitches to close, and the bridge of his nose was also cut and needed attention. Reams said that he was going to have his son arrested.

MASSACRES SADDEN THE DAY FOR JEWS

Jacob Schiff Speaks With Sorrow of His Oppressed Brothers in Russia.

NEW YORK, Nov. 30.—The celebration of the 250th anniversary of the Jewish settlement was held today at Carnegie Hall Jacob Schiff was the presiding officer of the celebration and made the principal address of the day. He said in part

"When some months ago it was decided to celebrate the settlement of Jews in the United States and in this very city, the people of Jewish faith throughout the land felt glad and proud because this beloved country of their adoption had become the great exponent of human liberties and of freedom of conscience furnishing an example to the world how great and powerful a people can become who give equal opportunity to all no matter what their origin or their profession of faith may be. But our gladness has received a shock our hopes and expectations have for the time being become dispelled The brotherhood of man our prophets have taught us to look forward to still remains a dream, the realization of which the events of this very month have only more removed to the distant future.

ARE STILL MARTYRS.

"Racial prejudice and hatred are still rampant, the Jew still remains the martyr whose life must be sacrificed so that freedom and enlightenment, for which he has ever battled, shall triumph, even in darkest Russia

"But though we sorrow, we feel that we should rejoice and celebrate, because America did become in centuries gone by the home of people of our race and faith, and is now our home, and the home of our children.

"We who are Americans pledge ourselves anew upon this momentous occasion to our fellow citizens from whatever race they may have sprung or whatever faith they may profess, that we stand ever ready to be one with them in every endeavor to further augment the greatness of this, our beloved common country, and the respect in which it is held throughout the world."

CUPID FAILS FEARN

Life of Young Doctor and His Wife Was Unhappy.

Incompatability, according to Dr. John R Fearn Jr., is the cause of the bringing of a divorce suit against him by Mrs. Mary Fearn on the ground of desertion

"Our married life was not a happy one," he said, this morning. "There were no quarrels or serious disagreements, but we found we could not be contented and agreeable with one another. There are people who are temperamentally incompatible and our swas such a case. I, even then, suggested to my wife such a step as she has now taken, but we came to no understanding in the matter at that time The present action is the result of a mutual agreement. I shall make no answer to it."

Dr. Fearn married his wife, whose maiden name was Mickelithwait, at San Rafael March 10, 1900, and for about three years they resided at the home of Dr. John Fearn Sr., 1165 Clay street, where the son still resides About this time Mrs. Fearn went to Europe with a sister of Dr. Fearn, and on her return in September of 1904, after an absence of a year and a half, she took up her residence with her aunt, Mrs Francis, at 1673 Valdez street. She and her husband met at that time but have not met recently, and have not lived together since her return from Europe.

Mrs Fearn was not at home this morning and her aunt, Mrs Francis, refused to discuss the affair, saying she had been ordered to keep silence.

George W. Reed is the attorney for Mrs. Fearn, while F W. Fry will advise the defendant.

DODGES DEATH IN HIS FALL

SAN FRANCISCO, Nov. 30.—One inch of deviation from Hugh Cullach's headlong descent from the top of a four-story building this morning would have cost him his life. Two large stakes stuck out of the ground beside the spot on which he fell and how Cullach missed being transfixed on their jagged points is a marvel Several horror-stricken people saw him fall and rushed to his side as he lay on the ground. He was hurried to the Central Emergency Hospital, where a hasty examination showed the only injury he received was a broken ankle.

It is certainly Thanksgiving Day for Cullach, despite his broken ankle The injured man is a carpenter and was employed on the brick building in course of construction at the corner of Stockton and Bush streets.

Some huge joists had been lifted to the top floor to be used in roofing the structure. Cullach was arranging one of these when he toppled over backward.

OAKLAND, Cal., Sept. 20, 1905.
Three years ago, in April, 1902, I took the "Connelley Liquor Cure," and I now enjoy good health and have no desire for liquor of any kind. Previous to that time, for nineteen years, I was a heavy drinker.
I can recommend the "Connelley Liquor Cure" to any one addicted to the liquor habit. I am well known in Oakland, Cal., and my address is 1063 Willow street.

REDDING, Cal., Sept. 7, 1897.
This is to certify that after being an inveterate consumer of intoxicants for a number of years, I took a course of treatment of the Connelley Liquor Cure, and after several months' experience can and do cheerfully and heartily recommend the treatment to those who desire to be free from the baneful effects of drink. REDDING, Cal., Sept. 11, 1905.
Dr. H. R. Connelley—
Dear Sir: Yours received this a. m. asking me if you can still use my letter. Yes, certainly you can. I am still sober and in the best of health; have no desire for liquor and you can certainly do the work. You know I made an affidavit to my letter. Why did I? So others would believe me and be cured. Yours with best wishes, GEO. F. GRAVES.

The undersigned, residents of Alameda, San Francisco, Glenn, Butte, Shasta and Trinity counties having carefully investigated the Connelley Liquor Cure, cheerfully recommended it to all needing such.

JURY BREAKS WILL LEFT BY AUGUST MANGIN

Decides Old Man's Action in Disinheriting Younger Son Was Due to Fraud.

The bitter fight between August and Eugene Mangin, two brothers, over the estate of their father was decided by a jury last night in favor of Eugene, the younger son. The jury set the will aside on the ground of the undue influence exerted over the father by means of the false representations of the elder brother, who got his father not only to will but to deed him his entire estate amounting to about $20,000.

By the will the younger son was left penniless and he brought a contest through Attorneys Carl Abbott and John J. McDonald to have the will set aside and was able to show that false accusations had been made by his brother against him to their father, and childish pranks committed as early as the age of seven years had been exaggerated into crimes for the purpose of showing the younger brother's criminal inclinations.

FIGHT UST BEGUN.

The elder brother is twenty-four and the younger twenty-two years of age and the setting aside of the will is only the preliminary step in what promises to be a long legal battle. According to the position taken by Attorneys Cary Howard and J. B. Richardson for the elder Mangin, the gift deeds to the real estate and personal property made by the father to their client are as good as though the will had never been made, and seperate actions are now pending to have these transfers set aside. Beside which, according to the statement of Attorney Richardson this morning, an appeal from the verdict of the jury will be taken to the Supreme Court.

EXPECT NO COMPROMISE.

No one who has seen the demeanor of the elder Mangin on the witness stand and also heard the testimony given in regard to his opposition to compromising a slander suit against his father, has any idea that he will consent to any compromise. And the fight will be carried out to the bitter end, while in the mean time both the money amounting to $11,000 and the real estate are tied up and the costs mounting higher and higher.

JUROR DIES.

The case was given to the jury at 5 o'clock last night and was decided shortly after the jurors had had their dinner, which was taken to them in the jury room. While the trial started with twelve jurors but eleven took part in the deliberations of the verdict owing to the illness of Captain William Roberts, who was forced to leave the case several days ago and shortly after the verdict had been rendered the news of his death at his home at Roberts' Landing was received.

CAPTAIN ROBERTS IS DEAD

Well Known Pioneer Passes Away at His Home.

Captain William Roberts, a pioneer of Alameda county, died last night at his residence in San Lorenzo after an illness of only two days of pneumonia. He was stricken while serving as a juror in the Mangin will contest. Captain Roberts came from Liverpool, England, his birthplace, in the early 50's.

After mining for a time he settled at San Lorenzo and established a line of bay freighters between Roberts Landing and San Francisco.

Captain Roberts was nearly 75 years old. A wife and five children—Alice L. and Ellen D. Roberts, Mrs. F. R. Mitchell, Mrs. C. M. McCleverty and A. Gave Roberts—survive him. The funeral will be held Friday afternoon at 2 o'clock from the residence at San Lorenzo.

Probably no man in Alameda county was better known than Captain Roberts. He knew every inch of the county and was acquainted with all the old-timers. Recently he had financial troubles that caused him a great amount of worry.

LESS UNEASINESS IN THE NEW YORK MARKET

Henry Clews Tells of the Present Conditions and What May be Expected.

The following letter, written by Henry Clews, tells of the financial conditions of the New York market:

NEW YORK, Nov. 30.—Less uneasiness has been experienced in the local money market. Attracted by high interest rates funds have been returning from the interior, while additional relief has been secured by a temporary shifting of loans to Europe. Confidence was also strengthened by the knowledge that Secretary Shaw would come to the relief of the money market in case of necessity; and the fact that he has consented to prolong his stay in the Treasury Department until the spring has given added satisfaction in this respect. During the past two years there has been a great increase in the supply of money, amounting to about $225,000,000, so that it is somewhat surprising that scarcity should be so pronounced and universal.

DEMAND FOR MONEY.

Of course, the demand for money has been greatly increased by the activity of business and the high prices of commodities. In all probability, however, the chief increase in demand has been from speculative sources, not only in New York, but especially in the interior, where expansion has been going on at a rapid rate. Since the 1st of September there has been a contraction of nearly $100,000,000 in loans at the New York banks; but this item still stands at very high figures and further contraction would have been beneficial, even had it caused wholesome liquidation. The outlook is against any immediate improvement in the monetary situation, especially as some temporary inconvenience may be experienced about the 1st of December and the 1st of January to meet the disbursements usual at those periods.

NOT PROBABLE.

Extreme rates, however, are not probable for the reason that the situation has been partially relieved by liquidation, and if necessary assistance can be obtained either by extending our borrowings abroad or through dependence upon Secretary Shaw. Europe is, fortunately, in a better position to aid New York by means of loans of money or purchases of stock than for some time past, and our leading bankers are quite able to borrow abroad in case their judgment so decides. The indefinite postponement of the Russian loan leaves Paris, which had been making preparations for that event, in a very comfortable position, with which the new Japanese loan is not likely to seriously interfere. Both London and Berlin are looking towards Paris, and any lessening of pressure at those points would be favorable to New York, especially at London, where we should be most likely to secure aid if needed. After the middle of January we may look for improved conditions in the local money market, but until then there will be no important increase in the supply of funds available for stock market purposes.

VERY ACTIVE.

Stock speculation is becoming very active, trading frequently running over the rate of 1,000,000 shares per day. The firmness with which all securities are held is remarkable. Sellers are few and trading is seemingly confined almost entirely to purchases for the rise. A great deal of manipulation is observable in certain stocks, giving the market a decidedly spotty and feverish appearance. Some of these securities have been pushed up to what seems a top-heavy level; but conditions continue satisfactory and confidence strong, so that, in spite of the common belief that prices are too high, the opinion is freely expressed that they may go still higher. Beyond a doubt the speculative spirit is rising and cannot be indefinitely suppressed if the situation remains as favorable as now.

INSIDE SUPPORT.

Besides, very powerful inside support is observable in some quarters, which is no doubt a basis of much of the manipulation by the big traders. As yet the outside public, though increasing their purchases, have not become free operators, transactions being largely confined to the professional element. The future of the market, however, is hopeful, since basic conditions are almost universally favorable, and nothing but the possibility of a hitch in the money market or reckless manipulation prevents increased activity.

Congress assembles very shortly, but this year will not be a bearish factor. The prospects are that little important legislation will be accomplished in the coming session. No doubt a regulatory railroad bill will be passed, but its provisions are not likely to be so drastic as at one time feared. As for the tariff question, the "stand-patters" are in control, and that will be let alone unless possibly to make certain concessions to the Philippines.

PROPOSED BILLS.

There is some expectation that a subsidy bill will be passed, also that Panama canal bonds will be made available as a basis for bank circulation, which would aid the money market. If legislation to this extent is accomplished during the coming winter, it is all that can be reasonably expected; and this means no disturbance to Wall street interests. Under such circumstances a good trading market may be expected until the new year opens, even if a general rise is deferred until the money market is out of danger. The pools, however, seem quite able to mark up their specialties at will, so that interesting developments may be looked for in these quarters. Their policy appears to be to take a single stock at a time, thus imposing less strain upon the money market and avoiding a check from that source. Quite likely there will be some free and well concealed liquidation, exposing the market to sharp setbacks, especially as there is not sufficient short interest at present to be an element of support. This means that we are in for a fluctuating market during the next few weeks. Later on, however, considerable buying may be expected to provide for January 1st interest and dividend disbursements.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Company, Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

PLANS FOR LABOR MEETING

VARIOUS COMMITTEES ARE MAKING ARRANGEMENTS FOR CONVENTION.

The various subdivisions of the General Arrangements of the Central Labor and Building Trades Councils are proceeding with all due expedition in their work of making arrangements for the annual meeting in Oakland the first week in January of the California State Federation of Labor.

DECORATIONS.

The Decorations Committee has worked out a novel plan for the decoration of the city, which will be as pleasing as novel.

AMUSEMENTS.

The Committee on Amusements has scheduled a grand ball as one of the features for the entertainment of delegates and guests; and a theater party will also be arranged.

Another more permanent feature of the convention will be the issuance of a metal watch fob and charm, the latter with a sign of Oakland impressed thereon, which will be used as an admission card to all functions during the week.

ESCORT.

All the labor unions in Alameda county have been requested to join in providing an escort of union labor men and women for all the delegates and visitors to the convention arriving on New Year's morning, which escort will conduct the delegates and others from the depots to the convention meeting place at Germania Hall.

FUNDS SENT.

The Trades and Labor Assembly were recently sent $2.50 by the Oakland Central Labor Council to assist the assembly in its contest with the Weems Laundry Company and the Pure Ice Company.

PASSED OUT.

Local No. 86, Brotherhood of Carpenters, has had to expel Thos. F. Butler for embezzlement of funds.

SAN FRANCISCO.

The Whiting Marble Company, which is to furnish the marble work for finishing the Fairmount Hotel, has become a union shop.

CARPENTERS.

Owing to various trade movements building depression and other causes, trade is very dull in the following places, and carpenters are requested to remain away: Portland, Or.; Los Angeles, San Antonio, Tex.; Burlington, Iowa; Edwardsville, Ill.; Louisville, Ky.; Owosso, Mich.; Wheeling, W. Va.; Erie, Pa.; Miami, Fla.; Nashville, Tenn.; Buffalo, N. Y.; Gulfport, Miss.; Fort Smith, Ark.; Red Bank, N. J.; Waterbury, Conn.; Bradentown, Fla.; Washington, Pa.; Williamsport, Pa.; Santa Rosa, Cal.

NEW LOCAL (CARPENTERS).

The following local unions have been chartered in the United States during the month of October: Vandalia, Mo.; New Orleans, La., two; Bisbee, Ariz.; Taylor, Pa.; Clifton Forge, Va.; Washington, D. C.; Thomasville, Ga., two; Pinole, Cal.; Wellsville, N. Y.; Bergenfield, N. J.; Richmond, Va.; Fayetteville, Ark.; Rockville, Conn.; Stellarton, N. S., Can. Total, sixteen local unions.

GREAT BRITAIN.

The Royal Commission just appointed to deal with the problem of the unemployed contains eighteen members. Three are women.

It is scarcely credible that crowded, free trade England is to have the most prosperous winter known for years.—St. Louis Post-Dispatch.

Ask a Friend

Who Uses Liquozone if You Should Use it, too.

The users of Liquozone know most about it—and they are everywhere. Doubtless some of your friends are among them. Ask what the product did for them. Then judge what it will do for you.

Still an easier way to learn about Liquozone is to send us this coupon. Then you can actually test it yourself. To feel yourself grow better—to see your health come back—is more convincing than all the tales that cured ones ever told. May we supply you a bottle—free?

Kills Disease Germs.

Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poisons when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

The virtues of Liquozone are derived solely from gases. They are generated from the best producers of oxygen, sulphur, dioxide, and other germicidal gases. The process of making requires large apparatus, and from 8 to 14 days' time. The object is to fix the gases and to combine them as to carry into the system a powerful tonic-germicide.

We purchased the American rights to Liquozone after thousands of tests had been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquozone has done.

But so many others need it that this offer is published still. In the last few years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquozone can do.

Where It Applies.

These are the diseases in which Liquozone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

UNCAS TRIBE, I. O. R. M.

At the meeting of Uncas Tribe to be held the first of December, the regular election of officers for the ensuing term will be held. The nominations are numerous and an extra large attendance at the last council attensted the unusual interest taken in this election. The candidates and their adherents promise at the coming meeting to make the wigwam a scene of stirring action. With the personal canvass made by the nominees, the increased interest of the tribesmen and the large number of visiting brothers who are regularly in atendance, the wigwam should be crowded on the first.

The whist party given on the 20th was one of the most successful and satisfactory ever held in the city. Pythian Hall was taxed to its utmost, and, though crowded, the players maintained the best humor. James B. McKeon was floor manager, and to his jovial and whole-souled personality belongs the credit for the most excellent manner in which the playing was conducted. No hitch occurred to mar the evening's pleasure, and even those unfortunate ones whose score won them no prize, left the hall well pleased. The feature of the evening was the awarding of the two door prizes, orders entitling each of the holders to ten pounds of Thanksgiving turkeys, be the price per pound much or little. These door prizes proved most popular.

Particular praise is due M. A. Schafer who so splendidly and successfully managed this affair. The magnificent assortment of prizes was his assembling, the organization which carried the tournament to so large a social and financial success was his work and to him belongs the credit for the confidence which the card players feel in tournaments given by Uncas Tribe.

The next tournament will be held about the middle of January.

PIEDMONT LODGE K. OF P.

At Piedmont Lodge No. 172, K. of P., the Page rank was conferred on three strangers last Monday night, and at the next regular meeting, December 4, the Esquire rank will be given. There will also be nomination and election of officers, and a little something doing after the meeting. Visitors are cordially invited.

FOREST CIRCLE, C. O. F.

Friday evening, December 1, will be a summoned meetin. Nomination and election of officers for the ensuing term will take place. On Friday evening, December 15, many pretty and useful articles for the holidays will be raffled, to the one holding the lucky number, after which an entertainment will take place, and refreshments served, by the circle's members to all who attend.

OAKLAND COURT BEN HUR.

Oakland Court No. 6, Tribe of Ben Hur, is still marching onward. There was a good attendance at the meeting last Monday evening, despite the adverse condition of the weather and everyone seemed to be brimful of enthusiasm. The worthy chief, Brother McPhee, was on hand as usual and seemingly was very happy. The judge, Brother Foster, ade one of his telling and convincing speeches, and also did Brother Ralston, Sr., who has quite a reputation for extemporaneous speeches.

The Court received an invitation from Mission Court, San Francisco, for tomorrow evening, December 1, promising a good time to all who attend. Members are kindly asked to take the broadgauge local train leaving Seventh and Broadway at 7:15 p. m. Lots of fun, so everybody come.

FRATERNAL BROTHERHOOD.

The usual closed business meeting of Oakland Lodge, No. 123, F. B., was held in Maple Hall on last Thursday evening. The business session was short, as much of the important business to be transacted was deferred to the next meeting on account of the large attendance of the members at the Fraternal Brotherhood Fair in San Francisco. However, the social session in the upper hall was much enjoyed and dancing and whist were participated in until a late hour.

Much interest is taken in the recently instituted Uniform Degree, and many of the members have taken the degree. The usual open meeting will be held on Thanksgiving night, and special efforts wil be made to make the entertainment successful as the proceeds of the evening are to be devoted to the benefit of the uniform degree.

On Tuesday evening, December 5, the Uniform Degree wil hold a theater party at the Novelty Theater, and a large attendance is expected.

The entertainments and open meetings of Oakland Lodge have been very successful, which accounts in no small degree for the rapid and healthy growth in membership and its popularity as a fraternal organization.

THE AMERICANS.

On the evening of November 27, Jefferson Assembly of Point Richmond, had a gala night; occasioned by a visit of the officers of the Senate. They arrived at the large and spacious hall, beautifully decorated for the occasion. The assembly had been in session, having transacted the preliminary work of the initiating of candidates. Fifty-two applications had been presented and elected, and after receiving of the officers of the Senate, an initiating of candidates was in order. Brother McCallum, of Washington No. 3, of San Francisco, was given the honors of chairman during the initiatory ceremony, and twenty-two took the obligation, once more swearing allegiance to their country and Old Glory. The next in order was a beautifully worded address by the president of the Order of Americans, M. de L. Hadley, followed by remarks from Secretary-General J. L. M. Shetterley, Surgeon-General Dr. A. G. Deardorff, Director-General H. C. Lewis; and then the most elequent address was delivered by Judge George Samuels, speaker of the Senate, with most fitting remarks, concluding with the delivery of the charter, which now makes Jefferson Assembly full grown and eligible to transact their own business for themselves. They have now passed the100 mark and with applications in sight to reach the 200 mark within the next thirty days.

OLD HICKORY NO. 22.

Old Hickory Assembly No. 22, while not the largest assembly in the order, is one of the most enthusiastic. Of late no meeting has passed without there was a number of strangers admitted, and with the stars and stripes as their standard, they took the promise of not only becoming more loyal to their country, but to be better citizens of the United States. On the evening of the 29th, there was a great gathering of their membership and friends, participating in one of their monthly socials that is fast making them the foremost assembly in point of entertainment. With this enthusiasm shown and the interest of the order at heart, in a short time some of the older and larger assemblies will have to look after their laurels.

OAKLAND NO. 2.

Oakland No. 2, one of the first assemblies situated in this beautiful home city, while they have a large membership, are always on the alert, adding to their assembly the best citizens that can be found. At no time do they shirk their duties toward making it pleasant for those that attend their gatherings. They have formed a drill team and their captain is known as one of the best drill masters about the bay. Oakland No. 2 will strive hard to hold its place in the ranks as one of the largest assemblies of the order.

LINCOLN NO. 7.

Lincoln No. 7, of South Berkeley, have established the reputation, not but having a fully equipped team, through the State as one of the best, but who have a ful lequipped team, consisting of bright, energetic young men and most beautiful young ladies, as color-sergeants, who are ever willing to assist the order in general, exemplifying its beautiful work to the newer and younger assemblies that are springing up everywhere throughout the State. The Americans are very proud of Lincoln assembly drill team.

IVY LODGE, A. O. U. W.

Ivy Lodge, No. 4, D. of H., A. O. U. W., entertained its friends Monday evening with a fine literary and musical entertainment. This entertainment ended the contest for the Red team, but the Blue team has still one more evening to entertain. Next Monday evening the contest ends for the term. For that evening the Blue team have planned a very novel and interesting entertainment. It has certainly taxed the brains of the young lady captains of the two teams to present something original and out of the ordinary each evening.

On account of being the last evening and because of the mystery attached to the entertainment much interest is manifested among the friends of the Lodge, and a large crowd is expected.

SUNSET REBEKAHS.

Sunset Rebekah Lodge, No. 109, I. O. O. F., will give an entertainment and dance Friday evening, December 8, at Fraternity Hall, Seventh and Peralta streets. The committee in charge consists of Sisters Minnie Pruitt, Mattie Marten, Myrtle Pettingell, Kate Talbott, Lettie Boswell, Mary Depova, Elsie Pump and Lizzie Talbott. A good time is assured to all.

ALOHA PARLOR.

PIEDMONT PARLOR.

Piedmont Parlor, No. 87, N. D. G. W., will hold its next regular meeting in Ben Hur Hall, 1060 Broadway, Thursday evening, December 7. Election of officers will take place and all members are requested to be present.

FOUNTAIN LODGE, I. O. O. F.

The program for the next meeting of Fountain Lodge, No. 918, I. O. O. F., on December 4 will be as follows:

Regular business, including the election of officers for the ensuing term; a fraternal visit of the officers and members of Oakland Lodge, No. 118, I. O. O. F., and conferring the second degree on several candidates. A "feast of reason and flow of soul," and something more substantial for the inner man will follow.

The committee on entertainment, Brothers Mohr, Peterson and Rasmussen, is a sufficient guarantee that everything will be O. K. with a welcome to visiting brothers.

Members of the second degree team are requested to report to Drill-master P. G. Price at 8 p. m. sharp.

AMRAM ENCAMPMENT, I. O. O.F.

Amram Encampment, No. 95, I. O. O. F., which meets on the first and third Thursdays of each month, has been busy conferring degrees nearly every meeting during this term, and has several brothers waiting for admission. At the last meeting five Patriarchs were advanced to the Golden Rule degree, and at the next meeting, December 7, there will be six candidates for the Royal Purple degree, which will assure a large meeting. Officers for the ensuing term will also be elected.

At a recent meeting last month, the genial scribe, P. C. P. McElhatton, who was a representative to the last Grand Encampment, entertained the members with an account of his trip and the work accomplished by that grand body, which was very interesting to those who were fortunate to be present.

CALANTHE TEMPLE.

The visit of the Grand Chief, Clara E. Martin, to Calanthe Temple on Friday evening, was an event of much importance. The attendance was very large, and many visitors from other Temples were present. One thing in particular was the presence of a large number of Past Chiefs, showing that having attained the highest honors of the Temple, they still are interested in its welfare. One lady was initiated, a degree staff of sixteen doing the work in a very creditable manner. The visiting members were: Grand Chief Clara E. Martin; Mr. and Mrs. Bennett, Mr. and Mrs. J. Royce, Mr. F. Covey, Damon No. 23; Supreme Representative Mrs. Lilly Samuels, Mrs. Rerat, Mrs. Mann, Mrs. Biglow, Loyal, No. 47; Mr. Stout, East Oakland, No. 7; Mr. and Mrs. Stevens, Hermion, No. 46; Mrs. Diffin and Mrs. Newman of Tonopah, Nevada.

After Temple session all repaired to the banquet hall where Mrs. Frater's, the M. E. C. of Calanthe Temple, presided as toast mistress. The Grand Chief won the hearts of everyone by her pleasant manner and interesting talk. Mrs. Samuels gave a very nice talk, indeed all the responses were good. It is to be hoped that everyone present went away benefited. The District Deputy Grand Chief wishes everyone that can go to Point Richmond on the 8th of December to come to Temple Friday night, as we wish to drill.

OAK LEAF LODGE, A. O. U. W.

A large attendance was present at the meeting of Oak Leaf Lodge No. 35, A. O. U. W., Monday evening. In the absence of Master Workman Euler the chair was occupied by Past Master Workman Miller, who officiated with his usual dignity and executive ability. Brother Miller expressed much satisfaction at the great revival of enthusiasm in the interests of the order. Several applications for reinstatement and membership were received. Next Monday evening six initiations are to take place. Past Master O'Toole will conduct the initiatory services upon this occasion. After adjournment of the lodge a grand banquet is to be given, to which all members of the A. O. U. W. are cordially invited. The members of the committee who have charge of the banquet are Brothers Cogan, Oakes and Leimert, who are among the most enthusiastic workers of the order.

Special Deputies Calvert and McKenzie spoke very eloquently of the fraternal spirit displayed by the members of the A. O. U. W. in Alameda county. The bond question has been fully explained by Bros. Calvert and McKenzie and it seems from present indications that more bonds will be applied for than can be supplied.

HARBOR LODGE, I. O. O. F.

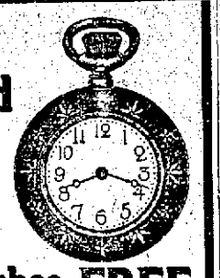

Harbor Lodge No. 253, I. O. O. F., conferred the second degree on two candidates on Wednesday evening. A large crowd was present to witness the work and everyone was well pleased with the efforts of the new degree team. A great amount of enthusiasm is being shown by the younger members, which means well for the lodge.

On Wednesday evening, December 6, officers will be elected for the ensuing term. The third degree will also be put on. It is desired that every member attend this meeting and assit in selecting a set of officers that will maintain the high standard of excellence for which Harbor has established a reputation. Visitors are always welcome.

OAKLAND LODGE NO. 162, I. O. G. T.

Oakland Lodge No. 162, I. O. G. T., held its regular meeting last Monday evening at Foresters' Hall. The lodge is growing in membership, and the members are taking renewed interest. Three young men were received into the circle of unity. A lodge paper edited on alternate nights by the sides, containing articles by members of the sides, will be a feature for the good of the order. The delegates to District Lodge No. 5, which met at Palo Alto last Saturday, gave interesting reports. The order in the bay counties is progressing. Vallejo No. 64 won the banner. Last Tuesday evening several of the members attended an entertainment given by Success Lodge No. 144, I. O. G. T., at Point Richmond. The party enjoyed themselves on the trip and at the lodge.

VOTE TO REMOVE I. H. CLAY FROM HIS POSITION

Treasurer of Blind Asylum at Berkeley to Make Fight for the Office.

I. H. Clay, who for the past six years has been treasurer for the State Deaf, Dumb and Blind Asylum at Berkeley, was removed from office yesterday afternoon and W. E. Griffiths, secretary of the California-street Railway Company placed in his stead.

This appointment was made by three of the new directors, W. E. Creed, J. W. Richards and F. M. Wilson.

Creed and Richards were appointed last March by Governor Pardee, while Wilson was only appointed recently to take the place of Director J. J. Mattos. As soon as Creed and Richards came into office it was rumored that Clay would be removed from office.

Chairman A. J. Ralston and Director W. W. Garthwaite, who are friendly to Clay, declined to vote for his removal.

Mr. Clay states that he was appointed to serve two years last July and that he cannot be legally removed until his term expires. The directors have admitted that they have no fault to find with Mr. Clay's work.

When seen last night regarding his removal from office Mr. Clay said:

"I do not inted to give up without a struggle. My term does not expire until July, 1906, and I hold the directors cannot legally remove me. There is a precedent for my contention in the case of Dr. B. P. Wall, who, when the directors attempted to similarly remove him four years ago, carried his case to the courts and was sustained.

"There is no question of the efficiency of my services. The gentlemen have told me that my work was perfectly satisfactory, and this is borne out by the recent report of the experts. It is simply a case of politics—new directors, new friends. Ralston and Garthwaite did all they could for me, but they were two to three. I shall immediately employ an attorney to look after my interests and have so notified the men who declared my position vacant."

Mr. Richards had the following to say last night in regard to the matter:

"It is simply the fortunes of war, and I am sorry that Mr. Clay will not gracefully submit. Personally there is no fault to be found with his work, but the board, as newly constituted, has new affiliations, and it is natural that our friends must be provided for. We are sure of the legality of our action and do not think that Mr. Clay's contention will be upheld."

ODDITIES.

"Strange accidents will sometimes happen to deer," writes a Scotch hunter. "A hind in Caithness came to some crofter's hut near the forest and was poking about to see if there was anything she could pick up, when she found an old tin pail lying in some out-of-the-way corner. In went her nose and down came the handle behind her ears. Then, somehow, the whole pail slipped down her neck and there she was caught. She was seen several times with her strange necklace, which prevented her from drinking or feeding properly. The clatter when she got under way was tremendous and the other deer were frightened for miles. Several unsuccessful attempts were made on her life, but I never heard the sequel. Anyhow, she must have died soon from nervous prostration coupled with the shock, or from some ladylike disease of that sort."

When the new galleries of the royal museum of natural history are opened in Brussels, Belgium, one of the most interesting objects in them will be the skeleton of a prehistoric miner, which was discovered in the chalk hills of Obourg in 1891. The explorers came upon a tunnel which had been made in the stone age by searchers for flints, and at the end of the gallery they found the skeleton of a prehistoric man who had been buried alive by a fall of the chalk. The skeleton of this ancient Belgian has been arranged in the exact position in which he was found, with the chalk and the flints and his primitive tools round him.

A parliament of smokers which was organized at Laeken, in Holland, by a society which calls itself the Vlaamsch-Pijpenrookers, has ended in the victory of one Frank Kos in the principal contest. Kos established a record by keeping his pipe alight for three hours and seven minutes without asking for a second match. The second in this competition was a man named Mertens, who kept his alight for two hours and fifty-nine minutes, and the third was one Bruyneel, who smoked without a break for two hours and three-quarters.

UNFORTUNATE MEN SET RIGHT

Sight That Would Gladden Hearts of Sorrowing Women.

It was a sight that would lead one to believe that it "never is too late to mend," no matter how far down the toboggan of despair the unfortunate may have slid. The palatial private sanitarium occupied by Dr. Connelley for his celebrated cure for inebriates is a most interesting place.

When interviewed Dr. Connelley said: "I believe in the reclamation and betterment of humanity and will devote my energies to the lifting up of men. The old adage that 'sin's so sweet' is too true. The cunningness of alcoholism is the marvel of the day. You know no drunkard but what wants to quit. If we could only arouse them to the great inevitable our sanitarium would be too small. It is only through the appeals and pleadings of mothers, sweethearts and sisters that those enslaved by liquor will ever come to take the cure.

"You ask 'How many have you treated in twelve years of professional life?' I have the list here. It includes over 1200 patients. See those marked 'B. O.'; that means break-overs. You see only nine. Poor fellows, they were born, bred and buried in 'booze.'

"There are now eleven being treated here, some of whom come from other States; three from our fair city of Oakland.

"What is that bunch of affidavits?"

"Just the sworn statements that those happy fellows made that my treatment did the work.

"This is the oldest, continuous liquor cure institute in the country. Many have blossomed out and faded, because they did not do the work.

"Yes, I have bought this place and am well satisfied with the patronage during my residence here. I always give my patients the environments of home life, and it greatly assists the work of reformation."

HEALTH NOTICE

Warning against the use of Witch Hazel.

RECENT investigation has disclosed an alarming condition of affairs existing in this widley known family remedy.

It has been proven conclusively that unscrupulous manufacturers have been selling Witch Hazel not only below the recognised standard of strength, but which is adulterated with WOOD ALCOHOL (*poison*), FORMALDEHYDE (*poison*) or both.

These conditions prevail throughout the United States and are especially alarming on the Pacific Coast. Of thirty-three samples of Witch Hazel bought of retail druggists and department stores in San Francisco, Los Angeles, Portland, Tacoma, Spokane and Seattle, twenty-seven were adulterated with WOOD ALCOHOL (*poison*), FORMALDEHYDE (*poison*) or both.

The sure way to avoid the danger incurred in using these poisonous witch hazels is to use the only standard extract of Hamamelis (witch hazel), sold only in original packages as bottled by the manufacturers. It is

Red Revolution in Russia

According to the dispatches, Father Gapon, who is one of the tongues of the Russian revolution, now sees that the popular movement is being led into excess, which promises to injure instead of advancing the cause of liberal government. The leaders are making demands which, in view of the circumstances, and the stage of development reached by the Russian masses, are unreasonable. Among the things demanded are a democratic republic, universal suffrage, sequestration and division of the landed estates of the crown and the nobility and an eight-hour labor day. These changes are quite as sweeping as those of the French Revolution, which degenerated into a carnival of bloodshed and a frenzy for Utopian equality. The cannon of a despot finally closed the orgie, enforced order and restored the nation to sanity.

The French in 1790 were further advanced actually than the mass of Russians are today. Relatively the French nation of that day were vastly more capable of governing themselves under an absolute democracy than the Russian nation is today, but the attempt proved a failure. Reaction and a temporary return to absolutism followed. Only one in five adults in all Russia can read. If Finland, where literacy is practically universal, and the Teutonic Baltic provinces, where education is widely diffused, be excepted not one Russian in ten can read his own name. Over ninety per cent of Russians proper are absolutely illiterate and densely ignorant, not only of the machinery of government, but the rudiments of domestic economics. They do not understand the uses of the ballot nor appreciate, even faintly, the responsibilities of citizenship. A dull race at best, they are sodden with vodka, brutalized by oppression and degraded by grinding poverty and unremitting toil. The most intelligent inhabitants of the Russian empire are the subject peoples, the Finns, Poles and Jews. These oppressed races monopolize the bulk of the education, artistic talent and scientific learning of the country.

The dominant race presents most unpromising raw material for the establishment of a democracy. As to a division of the lands, those held by the crown could very properly be divided up without injustice and sold (not given) to the peasants on easy terms. The proceeds of the sales should go to create an educational fund. It is said that the Czar owns over 1,000,000 square miles of land—about one-third the total area of Russia proper. This vast territory is in reality the property of the nation. It is an heiritage of the Russian people, for whom the Czar originally held the land as trustee, but finally diverted it to his own use. While the serfs were freed they were still kept enslaved to the communes, the Czar being the universal landlord. The taxes on their labor were well nigh confiscatory; thus the liberty enjoyed by the Moujik was merely nominal and gave little opportunity for development. Hence the rural peasant of today is the same stolid beast of burden that he was a century ago.

An advanced democracy for such a people is impossible. If established, it must inevitably produce popular disorder and frightful excess, and finally a reaction. The pendulum will swing back, as it did in the days of the French Revolution, from the extreme of mad orgie in the name of liberty to the strong hand of resolute authority wielded by some ambitious chief with a despotic temper and a statesman's intellect—like Napoleon for instance. Such men are not ideal personages, but they are necessary to the preservation of society in national crises. Unless the moderates, with whom Father Gapon has sided, can prevail upon the people to accept their counsels, Russia is likely to flame with a popular uprising infinitely more terrible than that of the French in the time of Louis XVI.

To the lover of nature the celebration of Christmas has its melancholy side. The cutting down of hundreds of thousands of young trees—the most perfect in form—is not only a grievous economical waste, but a murder of the forest in its infancy. It is a paradox that a Christmas festival should prompt vandalism so destructive of natural beauty and so abhorrent to the ethics of modern civilization.

Rockefeller and His Methods

The testimony of William A. Morgan, former manager of the Standard Oil company, given at St. Louis, throws an illuminating light on the methods by which John D. Rockefeller's corporation has overthrown, crushed or driven out competition in every State of the Union. Mr. Morgan said the company issued orders to its agents to undersell competitors at all hazards. He asserted that upon one occasion he was supplied with false gauges to be used in the attempt to "drive the enemy from the field." This illustrates Mr. Rockefeller's idea of striving for higher things. Recently he told a lot of young men that they should not devote themselves exclusively to money-making, but should fix their eyes on higher things. Mr. Rockefeller is one of those abnormal creatures so wrapped up in egotism as to regard all virtues objectively. The Standard Oil Magnate has no vices, his private life being as correct as it is possible for a man's to be. His strict attention to the formal duties of his church has never once relaxed. He gives liberally to the church and its charities and its educational institutions, and poses as an exemplar of piety. Yet in business this man is as cold and passionless as a snake and as remorseless as death. Neither the law, the gospel, nor the ordinary instincts of humanity are permitted to interfere with his plans, which are to monopolize the oil business and reap the largest possible profit from it. He is the richest man in the world, but he continues to pile up more millions by riding down competition and squeezing the public. The man has a dead soul, an atrophied conscience and a heart whose beating is purely mechanical. He is at once an intellectual giant and a moral freak; he has deified himself and is his own most devout worshiper.

At any rate we are sending potatoes to Texas, even if we are importing turkeys from that State. We are also selling the Texans raisins, wines, oranges and preserved fruits. While California should raise all the turkeys we can consume, this State does not even up on the wrong side of the ledger when the accounts are squared.

Mr. Root's Cooling Draught

Secretary Root has curtly informed the band of disturbers who are threatening rebellion in the Isle of Pines that they need expect no assistance from the United States in case they get into trouble with the Cuban authorities. This is likely to put a quietus on the scheme to do the Panama stunt down there. The United States have guaranteed Cuba possession of the Isle of Pines, and no canal is to be dug down there to warrant the creation of a new state of the dwarf pattern by the Caesarian operation. The Isle of Pines is a hilly, forest covered island about forty miles in diameter, lying about sixty miles south of Cuba, to which it has always been politically attached. It has an estimated population of 3000—a rather beggarly number to populate a State—about twenty per cent of whom are Americans. It is the American minority that threatens to throw off the yoke of Cuba and establish a territorial government under the flag of the United States. Since Secretary Root has announced that the American flag is not going to shelter any such conspiracy, the schemers will quite likely abandon their proposed revolt and behave themselves. Otherwise a ridiculous affair may turn out to be a serious business for persons engaged in overturning governments.

THANKSGIVING.

Through the gray dawn in the meadows we heard the reapers singing—
The song of men who conquer and who know their triumph's worth;
Like the bare blades of an army the keen, swift scythes went swinging,
And golden in their wake lay piled the goodly spoils of earth.

And I said: "Give thanks, O heart of mine, as conquerors may do
With sound of acclamation when the battling is through,
To Him who gave us strength and skill to force the stubborn soil,
For glory of the gaining and the triumphing of toil."

At full noon in the orchard we heard the maidens' laughter—
Bare-armed among the laden trees they pulled the branches low;
Home at twilight went the wains, with us to follow after,
Light of step and gay of voice, as merry children go.

And I said: "Give thanks, O heart of mine, with very mirth, for meed
To Him who gave us knowledge of the coming of the seed,
For beauty of the growing and joy of blossoming,
And granting of the harvest from the promise of the spring."

Through the still night, the deep night, the high white moon is drifting—
Oh, close your hand in mine, dear lass, and follow in its light;
Man and maid before the hearth the harvest songs are lifting—
Here alone are you and I and tenderness of night.

The praise of words for things of earth, O tender heart of mine,
But never yet gave mouth of man meet thanks for gifts divine;
Nor mirth, nor acclamation, but to Him who granted love
The great, glad tears of gratitude and silences thereof.

—Theodosia Garrison in the Bazaar.

AN ODE TO THE FLIES.

Oh those flies, those teasing flies;
Off your neck, and into your eyes;
Up on your hair, on to your nose—
Why so created—goodness knows.

Biting, tickling, teasing things;
You go away quickly—but why have you wings?
Only returning to bother me so;
Isn't a shout enough, when I say "go?"

Into the jam, on to the meat;
Everything nasty, not fit to eat;
Sometimes in mush, then in the tea—
Most aggravating and filthy to me.

But winter's returning, and with it the cold;
These damp, foggy mornings, you'll not be so bold,
You'll soon be all dead, thank goodness, and then
There'll be peace for us all, both women and men.

MR. DOOLEY ON GRAFT.

Mr. Dooley has discovered what is the matter with our politics. "All there is to graft," he says, "is a business man payin' less to a pollytician thin he would have to pay if he bought a street or a dock direct."

There is unfortunately no question but what Mr. Dooley has touched a quivering wound in our body politic. Graft is the corruption of public officials to overthrow the laws. The business man who wants something from the city, instead of going to the city openly for what he wants, goes privately to the aldermen and makes a bargain with them, whereby he gets the coveted privilege for less.

In St. Louis the street railway people had a regular fund set aside and placed in a vault to make payments to the aldermen. One day a small, smooth-faced, soft-voiced, young man went into the office of a deposit company and said: "I have information that so-and-so has deposited with you $100,000 in box such and such a number. Will you please open the box and let me see whether I have been correctly informed." The president of the deposit company snorted with indignaton, but the small, boyish man looked not abashed, but severe. "I was going to add when you interrupted me that my name is Folk; that I am your servant, the district attorney, and that if you do not open that box in my presence I shall have you arrested and take possession of your cellar."

The president of the deposit came down and Mr. Folk got his evidence that the street railway company was systematically corrupting the public officials of the city.

Why do business men do these things? One reason they give is that they cannot do business in any other way. If they go to the public with their requests they will have to pay the aldermen secretly any way, and so they would be bled twice.. So they go to the aldermen in the first place and rob the public of its profit on the transaction. Of course the excuse is only an excuse, but has the merit of being sincere. Very few business men get into the business of buying aldermen until they have tried other ways of doing business. It is nasty work.

There is a legal feature which makes bribery of officials difficult to trace. That is that the man who gives a bribe is equally guilty with the man who receives one. Even if the man is blackmailed out of his money by a criminal combination he is made as low as the fellow who held him up. It is a good deal like hanging the man who shoots a highwayman in self defense.—Minneapolis Journal.

A PRESIDENT'S USE OF WORDS.

Editor TRIBUNE:—Said Mrs. —— to me today: "Speaking of football, President Jordan says, 'A dirty player should be permanently ruled off the field.' This would serve certainly to refine the game beyond the criticism of even the most captious. But would it not emasculate too much? Nice, clean players are of course attractive, and if they would play a kindly, courteous game, not being ugly and rude, but letting the other players have the old pig-skin if they want it, at least dividing it half the time—then they wouldn't become dirty fighting for it. After all, is there any real contamination in Mother Earth? A man can't always help getting dirty, and if he at once retires after discovering the soil on him and washes up clean and combs his hair, why not let him back on the ground? Why rule him off permanently?"

I told her that the president meant probably "unprincipled."

"Oh," she said, "then is 'dirty' slang?"

SONG OF THE OUT-OF-DOORS.

Come with me, O you world-weary, to the haunts of thrush and veery.
To the cedar's dim cathedral and the palace of the pine;
Let the soul within you capture something of the wildwood rapture.
Something of the epic passion of that harmony divine!
Down the pathway let us follow through the hemlocks to the hollow,
To the woven, vine-wound thickets in the twilight vague and old,
While the streamlet winding after is a trail of silver laughter.
And the boughs above hint softly of the melodies they hold.
Through the forest, never caring what the way our feet are faring.
We shall hear the wild bird's revel in the labyrinth of Tune.
And on mossy carpets tarry in His temples cool and airy,
Hung with silence and the splendid, amber tapestry of noon.
Leave the hard heart of the city with its poverty of pity,
Leave the folly and the fashions wearing out the faith of men,
Breathe the breath of life blown over upland meadows white with clover,
And with childhood's clearer vision see the face of God again!

—Herbert Bashford in the Cosmopolitan.

POINTED PARAGRAPHS.

Never judge a man by his looks; lots of fools look otherwise.

When a woman has nothing else to do she washes her hair.

It is well enough to die happy, but it is far better to live that way.

The man on the treadmill doesn't enjoy seeing the wheels go round.

A man's idea of an angel is a woman who doesn't talk about her neighbors.

If time and tide were to wait for men the world would soon be at a standstill.

A burnt child dreads the fire, but a man fears a flood of feminine tears more.

It isn't what you know, but what you can make others believe you know that counts.

Beware of the man who imagines he owns the earth; he may try to unload a portion of it on you.

True, the world loves a quiet man, but it gives a lot of attention to the fellow who gets up and howls.

When a man begins to get bald he always keeps his hair cut short because he realizes that he can't have it long.

With men it's wine, women and song; with women it's ice-cream soda, men, grand opera, chicken salad and more men.

SOCIETY AFFAIRS IN AND ABOUT OAKLAND WOMEN SOME OF THEIR DOINGS AND GOSSIP

THIS COY GIRL PROVES TO BE ONLY A MAN

He Donned Feminine Garb and Invited Flirtations to Capture "Jack the Kisser."

NEW YORK, Nov. 30.—There coquetted about Princeton, N. J., University campus Wednesday night a person in black skirt, ill-fitting waist and tilted bonnet, who displayed a willingness to flirt with whomsoever might be inclined.

The moonlight parader gallivanted for an unromantic three hours without arousing a single flirtation, and then sought the home of a well-known professor. There the skirt was released, off came the waist and the bonnet, and the professor stood revealed. He had volunteered to turn detective in an effort to avert a threatened strike of maid servants employed in the homes of Princeton professors.

The maids are on the point of deserting because of annoyances to which they have been recently subjected by a mysterious man. He is described as smooth-shaven, well built and wears a long black overcoat and black derby. He has lain in wait to kiss or hug the maids returning home late at night.

The most flagrant case took place Wednesday night at 9:30 o'clock. A maid employed by Prof. Hibbons was homeward bound, when the man darted out of the bushes in the yard and sought to detain her. She struggled and freed herself and screamed as she ran up to the door of the house, whither her tormentor followed her. Students heard the girl's screams and ran to the rescue, but the man escaped. This is the third time within a year that the girl has been annoyed.

WILL GIVE ALL TO 24th CHILD; 23 OBJECT

TRENTON, Nov. 30.—Because the late Charles G. Myers, of Cape May county, bequeathed his fortune of $100,000 to his twenty-fourth child, the offspring of his fourth marriage, twenty-three of his children and a number of grandchildren are contesting the will in the Court of Errors and Appeals.

Myers was a politician in Philadelphia and moved to New Jersey late in life. The contestants say his will was probated by misrepresentation. The matter has been fought through the lower courts with varying results.

WIFE DOESN'T TALK ENOUGH, HE SAYS

LOUISVILLE, Nov. 30.—Charles Hulbert, of Jeffersonville, Ind., has gone contrary to the accepted theory that all wives talk too much by filing a suit for divorce from his wife on the ground that she does not talk enough.

He alleges in his complaint that she would go for days at a time refusing to speak a word. He was often compelled to write a note. Finally, in July last, Hulbert says that he insisted on her talking, whereupon his wife left him.

MRS. OELRICH'S DOG PUT IN HOSPITAL

NEW YORK, Nov. 30.—Money used without regard to its value may save the life of Mrs. Herman Oelrichs' pet dog Louisette. At any rate, Mrs. Oelrichs has turned her mansion into a dog hospital, has engaged the most expensive veterinarian in New York, and stands ready to spend $50,000 on the little animal.

Louisette is a French poodle, valued at more than $500, and greatly beloved by her mistress. She has accompanied Mrs. Oelrichs all over the world, and until recently had been a healthy and sprightly dog.

A short time ago, however, Louisette refused the cream placed before her every morning. She refused to play with her consort, Mopsie. She even refused to bestow her dog smiles on Mrs. Oelrichs.

A doctor was called. He pronounced Louisette a victim of tumors, and immediately preparations for the operation were made.

The middle room of the mansion, far away from the noise and bustle of Fifth avenue, has been set aside. It is being fitted with surgical appliances, and the operation is scheduled for some time next week.

GIRL'S WILL DRINK GOAT'S MILK FOR COMPLEXIONS

CHICAGO, Nov. 30.—Goats—fifteen of them and some of the finest that ever crossed the Alps—have been imported from Switzerland by the exclusive Girton School for Girls in Winnetka, and hereafter their milk will be a feature of the daily menu.

The milk is expected to greatly benefit the complexions of the students.

The innovation at the North Shore school was prompted by the success that attended the experiment in other female colleges, notably the Sacred Heart Convent at Detroit.

It will not be compulsory upon the pupils to include the goat milk in their bill of fare, but there will always be enough to go around if the young women succeed in educating their palates to a liking of the rich lacteal fluid.

The milk will be at the disposal of the young women the first of the week, when the first service will be made in the grill room.

And in the meantime no other subject commands so much attention from the fair pupils as the ifs, ands, buts and wherefores of the experiment.

These were thrashed out in a very thorough manner at the home of Professor Robert L. Sheppard of Northwestern University, 325 Greenwood street, Evanston, last night.

The goats arrived yesterday in a private car on the Erie road and were domiciled in handsomely appointed quarters in the large grounds that surround the school buildings. Some thought they would be employed in initiations, until President Francis Cook announced that hereafter goat's milk will be a prominent feature of [illegible] breakfast menu.

PUNISHING WIFE BY POURING BOILING WATER ON HER

NEW YORK, Nov. 30.—Scalded so badly that her body resembled a huge blister, Mrs. Della Cleary, thirty-three years old, wife of Patrick Cleary, of 321 East Forty-eighth street, told a story of suffering while lying in her cot at Flower Hospital last night.

She said that because she visited her sister on Saturday night, and did not return before midnight, her husband beat her almost into insensibility. He was intoxicated at the time, she alleges, and, arousing from his stupor at 2 o'clock in the morning, she says he poured a kettle of boiling water over her. She fainted from the pain, she says, and the next she remembers was her husband beating her again, thirteen hours later. Her husband then went to sleep again, and she says she lay in her room for hours in mortal agony, not daring to cry out for fear of arousing him.

Policeman Geisler, of the East Fifty-first Street Station, was passing the Cleary house when Mrs. Hannah Brown told him a woman was being murdered in the back rooms on the ground floor. He made his way into the rooms just in time, he says, to see Cleary trying to throw his wife out of the window. The policeman clubbed Cleary, and then turned his attention to the woman. Seeing her frightful condition, he sent her to the hospital. Cleary denied having scalded his wife, but admitted beating her.

Cleary reached home on Saturday night at supper time, and waited for his wife until midnight. He beat her before she had time to take off her outer garments. Later Thomas Hannan, a boarder, reached the flat. After beating him, Cleary threw him into the street.

WEDDINGS SOLEMNIZED.

There were three weddings of interest solemnized yesterday in San Francisco. The marriage of Miss Florence Greenebaum and Adolph L. Weill was a notable event of the day, and the Kohl-Pillsbury wedding and reception at the home of Mrs. William Kohl was a beautiful affair.

Miss Ruth Clarke, who has been entertained on this side of the bay, was one of the brides yesterday, and her marriage with Frank Southack was celebrated at the home of Mr. and Mrs. Alfred Clarke. Rev. Frederick Clampett of Trinity Church officiated. The house was attractively decorated for the occasion, the ceremony taking place in a bower of pink and white flowers, while the dining-room was done in red. The bride wore a gown of white messaline, made princesse and trimmed with point lace. Over the costume fell a tulle veil and she carried a bouquet of bride roses. Miss Ada Clarke, the maid of honor, was gowned in pale blue samite and the matron of honor, Mrs. Elmore C. Leffingwell, in pink crepe. Both carried pink carnations. Jack Leffingwell was the ribbon bearer and Dr. Paul Castelhun, the best man. About thirty relatives and intimate friends were at the wedding, but a large reception was held from 3 to 5 o'clock.

Mr. and Mrs. Southack have gone south and on their return will live at the Bella Vista.

HE ADVERTISED FOR A WIFE; WEDS A GIRL WHO DIDN'T REPLY

NEW YORK, Nov. 30.—After six months' struggling to obtain a wife by advertisement, Frank Merek, of Chatham, N. J., founder of the city of La Gloria, Cuba, returned to the good, old-fashioned way of courting, and on Wednesday will sail for the home that he hewed out of the Cuban wilderness, not only with a bride, but with her father and mother as well.

It is no small honor that has befallen the wife of Merek, for she was chosen after thousands had applied and in one way or another been found wanting.

When he finally made his choice he destroyed 500 letters that he had retained. And these were only a part of the bags full that Merek received after he made the announcement last winter that he was anxious to take unto himself a wife.

In a few days the Chatham postoffice was unable to handle the mail that poured in, and individual investigation was out of the question. Still Merek kept at it bravely, seeing those that he could, and writing to others.

Some descended on Merek's farm and personally questioned him as to the prospects in Cuba, while others flung themselves at him without question and were willing to take him for better or worse. The summer passed on and the prospects of taking a wife back with him were daily becoming less, when one day he met the friend of his childhood, who had a few years ago come to this country from Prague.

In an instant the futility of courtship by advertisement appeared to him, and he knew that the future first lady of La Gloria had been found.

The wedding took place a month ago, and the bride returned to Chatham to light the first fire on the hearth with the five hundred letters that contained as many proposals to take the place that she was filling. Since then the bride's father and mother have come from Prague, and will go with the couple to La Gloria.

Mrs. Merek is a very pretty girl of eighteen years, and speaks little English. Who she was is carefully guarded by her husband.

GIRL CAPTIVE FOR A YEAR, MOTHER SAYS

Rescued by Three Sheriffs From Secluded Farm Where Man Said She Boarded.

WORCESTER, Mass., Nov. 30.—Three deputy sheriffs, heavily armed, took Miss Anna Marian Thompson, twenty-two years old, from the secluded house of Edward E. Eames, nine miles from Worcester, today. They drove before daylight this morning to the house, where the girl's mother says Miss Thompson has been detained against her will since last December under the influence of Eames and Carl Brunn, a former lover. Although the officers expected trouble, Eames and Brunn made no attempt to keep the girl when they were surprised, and the sheriffs took her before the Probate Judge. On the judge's advice Miss Thompson returned to her mother, where she is to await further proceedings. She and both men have been summoned for examination.

Eames is a wealthy farmer and lumber dealer. Brunn served as a sergeant of marines in the Philippines. The girl's mother says that while boarding at her home Brunn asked Miss Thompson to marry him. Mrs. Thompson says Brunn has a wife in Denmark, but that he had great influence over her daughter.

Eames says the girl was living with his family as a boarder and not against her will, though her mother declares she did not know where the girl was until a short time ago.

CANDY AT BOTTOM OF DOMESTIC STRIFE

PHILADELPHIA, Nov. 30.—Candy made by his mother-in-law appeared to be at the bottom of the domestic troubles of Francis Reilly, a young man, of Pierce street, who was arraigned before Magistrate Kocherperger in the Central Police Court yesterday on the charge of neglecting to support his wife.

Reilly said that he was accused of stealing the candy from a closet, where his mother-in-law placed it, and to prove his innocence he put a pound of candy in the pocket of his coat and placed the coat near the same closet. According to his story, his wife extracted the candy from his coat, and when he deducted five cents, the price of the candy, from his weekly allowance to her, he said there was trouble.

Mrs. Reilly had nothing to say about the candy story, but she said that her husband had not given her any money for two weeks.

The magistrate advised Reilly to tell the candy story in court, and required him to entar $600 bail to appear for trial.

77-YEAR-OLD WIFE IS A FLIRT, HE SAYS

MORRIS, Ill., Nov. 30.—Peter Horn, 84 years old, proved that his wife, Rosita, who has reached the age of 77 years, hugged and kissed her brother-in-law, whose years are numbered at 72, and a judge denied her the divorce for which she had applied.

Mrs. Horn charged cruelty, and described how Peter had squeezed her hand in a clothes wringer. Peter said his wife's frivolous conduct with men would make any man cruel, but that as a matter of fact the wringer episode was an accident. The judge addressed to them a lecture on the dignity of age and sent them home.

THIS GIRL SCIENTIST BOASTS SHE CAN MASTER DEATH

NEW YORK, Nov. 30.—"I do not believe it is possible for me to live forever, because my education along the correct scientific lines has necessarily been begun too late, but I feel sure if a child with a good mind was given into my care, and would learn and follow the truth, there would be no reason for its ever seeing death."

This was the remarkable statement made by Martha Craig, Labrador explorer and disputer of the theories of Newton and Darwin, after her lecture on "Death a Mistake" at the Lockwood Academy in Brooklyn last night. Miss Craig demonstrated her theory by using her own body in connection with the telephone and wireless telegraphy apparatus.

The young woman took the place of the electric wire anad transmitted through her frame messages sent both by wireless telegraphy and the telephone.

The lecture last night was the second of a series of three which she is giving at the Lockwood Academy. Elaborate preparations had been made, and a complete wireless telegraphic receiving station had been installed as well as telephone apparatus connected with the general city system. In both instances the line to the receiving instrument was broken, and it was here that Miss Craig interposed her own body and allowed the currents to pass through her and make the circuit complete.

There seemed to be no doubt that Miss Craig's body served as capably as the wire to conduct electricity, and she declared she felt no inconvenience from the contact.

"It is the body that has hampered mankind in his seeking for immortality," the lecturer said, "and as soon as we learn that it is merely condensed air then we shall learn that death is a mistake. We know that light can pass through the human body, as the X-ray has demonstrated, and certainly heat can. Now, I have shown that electricity can be sent through it quite as easily. The body is, in fact, the most immaterial thing in the world, and there is no reason why the trained and educated mind cannot some day throw off and put it on at will."

RICH WOMAN TURNS PROSPECTOR TO AID THE POOR

DENVER, Nov. 30.—Endowing the Juvenile Court Society with the proceeds of the sale of a gold mine is the latest exploit of Mrs. Lida De Mond, society leader and millionairess of Denver. Mrs. De Mond has been interested for a number of years in the work of the Juvenile Court conducted by Judge Ben B. Lindsey. She divides her time and attention between trips to Newport and Bar Harbor and Eastern centers of society and the serious work of caring for the poor and needy at home. Recently she decided to give the Juvenile Court substantial aid.

"If we only had an endowment fund," Judge Lindsey told her when discussing her philanthropic project, "we would be able to do a great deal more good."

So Mrs. De Mond, arraying herself in corduroy, went to Goldfield, where the gold excitement was at its height. The Montgomery-Shoshone mine had just been discovered, and it was decided by experts that the ledge ran north and south. Mrs. De Mond located ground to the west of the shaft, naming her claims after the two burros, "Kentucky" and "Golden Rod," that carried her prospecting outfit into the desert.

About that time Fred Shaffer had shrewdly decided that the rich ledge ran to the west. He offered Mrs. De Mond a small fortune for her claim, and she refused. Charles Schwab, who was negotiating for the Montgomery-Shoshone mine, had his experts investigate the trend of the ledge and they reported that it ran into the claims located by Mrs. De Mond. Shaffer renewed his negotiations for the claims, and secured them for $35,000 on condition that he act as trustee and pay yearly into the treasury of the Juvenile Court Association fund in Denver one-fifth of the amount until the sum received for the claims was exhausted.

A woman who is careful of her hands must be careful of her gloves, for this is most important. If they are tight they ruin the shape of the hand, if they are baggy out they give a slovenly aspect to the whole appearance, and cheap gloves are the shame of the age.

HE REPUDIATES ALL BOSSES

CANDIDATE FOR REPUBLICAN COUNTY COMMITTEE ISSUES STATEMENT.

NEW YORK, Nov. 30.—Herbert Parsons, candidate for president of the Republican County Committee, issued a statement early today specifically repudiating all bosses.

Mr. Parsons announced that he desired no member of the county committee to vote for him on the theory that such a vote would in any way commit him (Mr. Parsons) to the support of any particular man for the Republican leadership of the State. Mr. Parson's statement is in part as follows:

"There have been statements in the newspapers that I have received a mandate from Washington. I have not received, nor do I expect to receive, a mandate or anything in the nature of a mandate from Washington or any other place. In order, however, that there may be no misunderstanding as to my position in my candidacy for the presidency of the Republican County Committee, I reiterate that if elected I will recognize no factional discriminations of any kind in the Republican party.

"I will regard myself as the representative neither of Mr. Odell nor Mr. Platt, as owing fealty to no machine and no boss, but as standing in an absolutely independent position, resolved to conduct the affairs of the party with an eye single to making the party, so far as my power extends, subserve the best interests of the people.

"No support that may be given to me will create any obligation, express or implied, on my part, as to the support I may give any man for the leadership in the Republican party in the State."

A SLIGHT MISUNDERSTANDING.

To the hosiery department of an uptown store went a woman leading by the hand a dark-skinned, black-haired little boy. To the salesgirl she said:

"I want a pair of stockings for my little boy. Six is the size, I think. At any rate, it is the number that goes with a number ten shoe."

"Five and one-half is the size,' said the girl. "What color?"

"Black, I think. Lisle thread."

"Feet white or black?" asked the salesgirl.

The woman looked dazed, then angry. "You impertinent hussy!" she gasped. "Of course my boy's feet are white. I'll report you to the management and withdraw my custom from the store."

The girl cried, the floorwalker bustled up and it took half an hour to make satisfactory explanations.—New York Press.

SANTA FE TRAIN IS WRECKED

ENGINEER IS COOKED ALIVE BY THE ESCAPING STEAM.

LAS VEGAS, N. M., Nov. 30.—Santa Fe passenger train No. 1, west bound, went into the ditch at Romero, four miles south of this city yesterday. Engineer R. B. Brackett was cooked alive by escaping steam and died in great agony. Engineer James Cristol was painfully scalded; C. Smith of Bath, Me., lost part of his hand; Mail Clerk J. M. Cook of La Junta was severely injured in the back, and Conductor Schaffer was considerably battered. Several Italians were much bruised and many others received minor injuries.

The train was a double-header and the first engine escaped. The second engine left the rails for no reason that can be explained, pounded over 200 feet of track and, pitching over the bank, rolled completely over. The express cars, a car of ice and mail coach turned over and the forward coach was partly telescoped. The chair car and two sleeping cars left the rails.

DRUG THIEVES ARE ARRESTED IN NEW YORK

NEW YORK, Nov. 30.—Drugs worth from $25,000 to $50,000 have been stolen from wholesale chemists in New York during the last few months, according to detectives who arrested two men on the confession of a third, accusing one of having assisted in robbing a branch house here of the Mallinckrodt Chemical Company of St. Louis.

In court yesterday the prisoners described themselves as Louis Gears and Edward Smith. From Joseph Hogan a confession is alleged to have been obtained. The latter was held as a witness. Hogan was operator of a telephone switchboard in the office of the Mallinckrodt Chemical Company. The others say they are drug clerks.

According to the detectives, Hogan is said to have declared that his friendship for Smith induced him to enter the storeroom of the company by which he was employed and abstract two cases of goods, one containing cocaine and the other iodine.

The plunder netted Hogan, according to his confession, $60 and the goods were transferred by Smith to Gear for a consideration of $80.

Detectives have been after drug thieves for several months.

TARIFF COMMISSION.

BERLIN, Ontario, Nov. 30.—At yesterday's session of the Tariff Commission a manufacturer of suspenders asked that the raw material be placed on a 10 per cent basis and that a specific duty of 50 cents a pair be placed on the manufactured articles. Other requests made were: A 5 per cent increase in the duty on wood working machinery and metal working tools; a 10 per cent increase in the duty on clocks and the removal of the duty on certain parts of clocks not made in Canada; an increase of 10 per cent on stove and boot polishes and a 15 per cent increase on ink. Beet sugar growers and manufacturers again asked for increased but unspecified protection.

JEWELS ARE FOUND.

BUFFALO, N. Y., Nov. 30.—Jewels worth from $3000 to $4000 were found on an alleged pickpocket by detectives here yesterday. The prisoner gave the name of "Walter Dixon" and boasted that he was well known to the police of the West. The jewelry found on him was stolen from the home of former Mayor White of Woodstock, Ont., on Tuesday.

NEW CLEWS TO MURDERER

REVIVAL OF ACTIVITY IN INVESTIGATING DEATH OF MRS. TODD.

NEW YORK, Nov. 30.—There was a revival of activity yesterday both in the criminal investigation and the civil proceedings at law consequent upon the death of Mrs. Margaretta Todd, the wealthy New York woman found mangled on the Reading tracks in Philadelphia on October 27. Thereon Davis, one of the attorneys for Mrs. Rosalie Tousey, Mrs. Todd's daughter, spent the day in Philadelphia, following strong clues which are expected to reveal who the persons were who were with Mrs. Todd on the night of her death, including a man who met her at the railroad station in that city.

Mr. Davis returned from Philadelphia last night. "I made satisfactory progress," he said, "but do not feel justified as yet in divulging the facts or giving any intimation of them. Such a course would be too likely to defeat the ends of justice."

In this city Ingersoll Lockwood, for many years the intimate friend and legal adviser of the dead woman, produced three documents purporting to convey portions of her property. Two of these were assignments of mortgages, the existence of which was unknown to Mrs. Tousey or her attorneys. They were dated in 1904 and transferred a mortgage for $50,000 and one for $40,000 from Mrs. Todd to Lockwood himself.

A copy of the third document was served by Mr. Lockwood upon the Lincoln Trust Company, temporary administrator of the estate, yesterday. It is the deed of trust by which Mr. Lockwood some time ago claimed possession of Mrs. Todd's personal estate, amounting, by his own admission, to more than $100,000.

The deed makes Mr. Lockwood trustee of the entire personal estate, instructs him to invest the funds, and from the income pay Jennie M. Paine, at one time Mrs. Todd's maid, $1000, keep $1000 annually for himself, and turn over the balance of the income to Mrs. Tousey. The trust terminates on Mr. Lockwood's death.

CHILDREN TO GO TO YE LIBERTY

A happy theater party will see "The Private Secretary" Saturday afternoon. One hundred children from the West Oakland Home are to celebrate the Thanksgiving festival in this way. They will be the guests of Manager Harry W. Bishop.

It was the custom of Mr. Bishop' father before he died to entertain the children from this home every Thanksgiving out at his Fruitvale ranch. They were given a big turkey dinner and spent the day playing games. Since his father's death Harry Bishop has kept up this custom, but in a different way. The dinner is served at the home and the children are given a theater party at Ye Liberty. "The Private Secretary" will delight them with its rollicking comedy.

Next week the big production of "The Light Eternal" will be returned to this playhouse.

NEW HALL FOR CLUB

Ashby Men Desire to Own Quarters.

BERKELEY, Nov. 30.—If a favorable report is returned by a committee of the club members appointed at the meeting of the Ashby Improvement Club last night, it is probable that Ashby will soon have a new hall to be owned and conducted by a hall association. It is proposed to erect a modern building, with a spacious hall above and stores beneath.

Commendatory remarks were made regarding the appointment of George Haggarty as district captain of the fire department and I. Rule as a regular fireman. A number of members of the club made complimentary remarks regarding the efficiency of the two appointees.

During the evening a resolution was passed asking the Town Board of Trustees to ascertain from the citizens of the city, through a system of reply postal cards, what their views are for an additional telephone system for the city.

CLIPPINGS FROM COUNTY PAPERS

Henry P. Dalton, after a six-years' legal fight for his rights, has scored a victory which will increase his bank roll by some $40,000 or $50,000. The decision of the Supreme Court Tuesday brought a smile to his genial countenance which would cure a sick man of the blues. He has upheld right along that he was entitled to the commission of 15 per cent for collecting poll taxes, and the Judges of the Supreme Court uphold him in that contention.—Washington Press.

MARTIN A CANDIDATE.

Alameda is doing politics all the time and even there is a wide-awake candidate for Supervisor already browsing around by the name of D. W. Martin, our former Supervisor, who is well known throughout the district. Yes, David informed us in Oakland last week that he was a candidate for the Republican nomination, and he appeared to mean business.—Hayward Journal.

DALTON'S VICTORY.

The host of friends of Assessor Henry P. Dalton is this county will be pleased to learn of his great victory the first of the week. After six years of litigation, Assessor Dalton has won his fight to retain 15 per cent of the poll tax receipts. The Supreme Court rendered a decision Monday under the rulings of which he will get all his back pay that has been held up and fees that were turned in under protest aggregating a very tidy sum. It will amount to a trifle more than $30,000 in fees alone. This is a complete vindication for our Assessor.—Hayward Journal.

DALTON WINS HIS SUIT.

The Supreme Court on Tuesday decided in favor of Assessor Dalton the appeal in the case entitled "County of Alameda vs. Henry P. Dalton" to recover 15 per cent of the poll tax which he had collected and retained as his commission for the collection of the same.

This decision practically settles Mr. Dalton's claims against the county in several cases which are now pending. The only case to which this decision has no reference is the one for making the duplicate assessment roll for the city of Oakland. This only involves a small amount of money.

The decision of the Supreme Court releases Mr. Dalton's salary, which has been tied up for several years on account of this suit. During the last couple of years Mr. Dalton has paid the poll tax into the county treasury under protest. He will now be entitled to this money and to all his salary and to all fees that have been held in dispute, and which he claims he is justly entitled to receive.

By reason of the various suits Mr. Dalton's accumulated salary, amounting to about $30,000, has been held up.—Livermore Herald.

A very short time ago a scientific investigating committee officially commissioned, made an independent investigation and analysis of the table wines of France and America. Not more than ten per cent were found to be absolutely pure and of this number the Gierberger's wines stood at the head. This is a remarkable tribute to the wine growing industry of Alameda county and it has led nearly all our prominent physicians to recommend the pure Gierberger wine for medicinal and family use.

SOME HARD KNOCKS ARE HANDED OUT TO CALIFORNIA BASEBALL

SEATTLE, Nov. 30.—Although Lauterborn, third baseman of the Seattle team has not been on the Coast long, the last trip of the Seattle team to California convinced him that a playing season of eight months is too long. He came back to Seattle the other day, on his way to his home in New York State, firmly convinced that the season should be out to six months and that a circuit should be formed of the cities in the Northwest. A good many others, including men who have money invested in baseball, have no hesitancy in saying now that the season is too long, and even if the present circuit is continued next year, it is dollars to doughnuts that the schedule will be lopped off at both ends.

"How many folks do you think turned out to see one of our games at Oakland?" Lauterborn asked the writer the other day, while waiting for a train to bear him East.

"Oh, about 100," answered the writer thinking that an attendance that small would be about the limit.

"No, no; I don't mean a Sunday game," said Lauterborn. "Well, there were just nine men and boys in the grounds one day we played there. Some of them got in for nothing, and a few did not stay for the finish.

"Jack Walters went to bat this day, and after having a couple of strikes on him, he came back to the bench and told Russ, 'I don't want to make a hit this time, because there is no scorer here to give me credit for it.'

"Playing ball to a crowd of nine persons beats anything in my previous experience, and I have played ball in a good many different leagues," said Lauterborn. "I can't see where the California towns have any license to howl about the lack of attendance at Tacoma, when a town like Oakland, claiming 80,000 inhabitants, turns out a magnificent crowd of nine persons to see two teams play ball. Oakland ought to be in a trolley league, where the prize catcher drives a delivery wagon six days a week and dons the wing pad on Sundays. A town like that has no business in a league where salaries of real money are paid."

According to Lauterborn, most of the California fans have no use for the northern teams, and every player in northern teams, no matter what his experience, is called a busher. Lauterborn has played in the National League, and also in the Eastern League, yet he was dubbed a busher by some of the California scribes who had never been beyond the confines of their beloved State.

"One of the funniest things in that line I ever saw," continued Lauterborn, "happened in Los Angeles, where one of the local papers, in describing why we happened to beat the Angels, said:

"'Kane made a busher play by throwing a man out at the plate as he tried to score from second base on a hit.'

"What do you think of that? A center fielder comes in fast on a hit and cuts a runner down at the plate, and it is called a busher play. All I can say is that every manager of every big league team in the country is looking for bushers like that!"

"Another thing I noticed in California that I never heard of anywhere else," said Lauterborn, "is that so many of the fans cannot be convinced that the game is on the square. They must have been stung down that way, I guess, for whenever a pitcher happens to blow up in the closing innings, or if a fielder falls down on a play at a critical time, there is always a yell that the game is fixed. We lost a game of that kind when the other fellows made four runs in the last inning with two men out. I was to blame for it, for I ran into Bennett's territory after a fly ball because it seemed to me that no one was after it. Bennett and I bumped heads, the ball fell safe, and the game was lost.

"Russ gave me an awful call down in the club house after the game, and I deserved it, too, but I had to laugh when on the way out one of those wise gazabas, who is always on the inside of everything, was telling his friends that Lauterborn dropped the ball on purpose, and that the game was fixed. If this wise one had heard Russ call me down for the play, I guess he would have believed that we were at least trying to win. You never hear any talk about games being fixed in the East, and I never heard any such talk in Seattle, but in California you hear it on every side."

Lauterborn says that Oscar Jones is as good a pitcher as he ever was, but that he has lost so many games in the ninth inning that he no longer has confidence in himself. This has been a bad year for Oscar, but Russ Hall is so sure that Oscar can deliver the goods that he has insisted on keeping him despite positive instructions to let him go, and he thinks Oscar will justify his judgment by pitching winning ball next season. Pitchers do have their off years, and this one seems to have been Oscar's hoodoo. He is still only a kid and has as much now as he ever had, so there is no reason why he should lose his effectiveness so suddenly.

EDDIE HANLON AND YOUNG CORBETT ARE MATCHED TO FIGHT FOR FOURTH TIME

YOUNG CORBETT. EDDIE HANLON.

NEW YORK, Nov. 30.—Young Corbett has been offered a chance to fight Eddie Hanlon for a purse of $3500 in California by Morris Levy, the California fight promoter, and, with his brother, will leave in the next few days to go in training on the coast.

The former lightweight champion received a telegram yesterday from Levy and immediately wired his acceptance of the offer. The date has not yet been fixed, nor has the little fighter yet decided on a place to train.

Corbett says he never felt better. He has fought Hanlon three times in San Francisco. The first time the fight was declared a draw, the second time he knocked Hanlon out, and the third Hanlon got the decision.

"I did want to fight Abe Attell out there," he said yesterday, "but evidently they think a match with Hanlon will draw more. However, I may take on Attell."

Abe Attell said he would go West to get a fight with Young Corbett.

THREE-ROUND BOUTS ARE GETTING POPULAR IN NEW YORK CITY

NEW YORK, Nov. 30.—Almost any night in the week a person can witness first-class boxing at any one of the many boxing clubs that are running in Gotham at the present time.

Of course the contests are of the three-round variety, but they are of the vigor kind that pleases the spectators, and as there are, as a general thing, about half a dozen of those three-round bouts at each of the smokers, it will be seen that a person gets quite a run for his money.

The principal aim of the managers of those clubs is to have their entertainments conducted along quiet and orderly lines, and to give their patrons a first-class show.

All persons wishing to witness these entertainments must first become members of the club, and as no one can join who is not well recommended, there is little danger that any of the rowdy element will get in. This is as it should be, and if the club managers will just stick to this system their shows will not only be well patronized, but greatly appreciated.

The oldest and most important of these clubs where regular smokers are given in which boxing is the principal feature is that run by Billy Elmer on Forty-second street, between Broadway and Sixth avenue.

CORBETT TO BOX.

The Hudson Athletic Club, at Broadway and 110th street, will put on its next smoker Thanksgiving evening, and it will be an all-star affair.

Young Corbett and Charley Sieger were the headliners at the last entertainment given by this club, and while the bout was for three rounds only, it packed the clubhouse.

Young Corbett says that as he was the first boxer of any note to engage in these three-round contests, and as he defeated his man, he is now going to lay claim to the championship title in that class.

The ex-featherweight champion evidently believes that it is better to have some kind of an old title than no title at all.

Dal Hawkins, who used to trot in the class that sported titles, and was always up close to the bell wether, says that if Corbett makes any claim to the three-round title he intends to challenge him and force him to a battle in the ring to defend it.

"I am something of a champion myself in the three-round class," quoth Mr. 'Awkins," 'as everybody must admit who saw me make Unk Russell look like a little piece of cheese—not imported cheese, either—before one of the biggest crowds who ever attended a fight in Philadelphia the other night.

"Young Corbett will have to step some and take off that Sid Burns abdomial belt if he expects to get anything from me in three rounds."

"Never mind what that poor old man says," said Young Corbett when told what Hawkins had said. "I would not have to take off any abdominal belt or much of anything else to trim that old 'has been,'" continued the man who failed to knock out Battling Nelson. If I ever get him in the ring—and it doesn't matter how many rounds the battle is scheduled for—I'll tell you what I am liable to take off him if he doesn't happen to have it nailed down, and that is that toupee he is wearing."

WILLIE BRITT AND NOLAN NEARLY HAVE A FIST FIGHT

Here is a story that was handed out in a recent issue of the New York Telegraph:

"Willie Britt hove into town from Boston. He was mad and admitted it.

"Nolan's been saying all kinds of things about me and Jimmy, a lot of stuff about us owing him $6,000, none of which is true," he said. "And I've come over here from Boston—yes, left the pictures—to lick him. And I can do it. Has anybody seen him?"

"Nobody had. At least, nobody admitted that they had. Then everybody in the crowd, all of Willie's friends, including Jimmy Coffroth, George Orlando Weedon and Frankie Dwyer, tried to persuade him not to start anything.

"'You know it'll never do, Willie,' said Coffroth.

"'Here Battling Nelson goes and licks Jimmy, and then you go and get beaten up by Nolan. Now, if you could hand it to Nolan it would be different, but as you can't, the fact that you've been licked by him will hurt the pictures.'

"'Can't lick him!' shouted Willie 'Why, I can do it with one hand! I'—and a lot more.

"'Well,' says Coffroth, 'I'll bet you $50 even that you don't start, and by a start I don't mean a peck on the nose or calling him an ugly name, and then being separated by friends. No, sir; I mean a sure enough punch.'

"'Done,' says Willie, and the bet was recorded by G. Orlando Weedon.

"'Now,' continued Coffroth, 'I'll bet you another $50 even that if you do start your number won't go up.'

"'I'll take a hundred of that' said Willie.

"But they didn't meet, and they're not likely to until over a month hence, when Jimmy comes to New York to figure in one or two six-round affairs in Philadelphia and Nelson comes to give exhibitions in one of the theaters."

FITZSIMMONS-O'BRIEN GO EVEN MONEY BET—BRITT

CINCINNATI, Nov. 30.—"The coming fight between Bob Fitzsimmons and Jack O'Brien will be the greatest battle between men of their weight ever seen," said Jimmy Britt today.

"For Fitzsimmons to win, he must do it quickly, and if he waits O'Brien will get him at the end," continued the little fighter. "It all depends on how the battle goes. Should O'Brien mix it up with Fitz during the early rounds the Cornishman will come close to getting the verdict, and should he stay away and let Fitz do the aggressive work, the Philadelphian will win. Both men know what they are about, and it is likely that the first few rounds will be slow, as each will be trying to induce the other to take the lead.

"To me it looks like an even-money proposition, and I believe O'Brien will force Fitz to take the lead. His constant jabbing will bother Fitz somewhat and he will soon get tired chasing O'Brien around the ring. O'Brien is cleverer and faster than Fitz, but probably cannot hit as hard."

JOCKEY BULLMAN WON, BUT SHOULD HAVE THROWN RACE

Colonel Tawm Lewis has another story, says Van in the Los Angeles Examiner. It is about Jockey Bullman and his one appearance on the stage.

Several years ago Bullman was the star of the winter racing season around the bay tracks. He was riding more winners than any other boy at the track and was the idol of the hour. About this time the good old melodrama, "In Old Kentucky," came to town for the fifth or sixth season.

For some reason or other the show did not draw as well as formerly, and the manager, who was a wise old owl, cast about for some means of awakening interest. He hit on what looked to him to be a brilliant idea. That afternoon he went out to the race track and signed the four leading riders to appear in the race scene of his play. It will be remembered that Queen Bess, the rank outsider, ridden by the soubrette, wins from the favorite in a close finish. Bullman was signed to ride the favorite, and three other boys, as well known, were to ride the other entries.

When the curtain went up on the race scene Bullman was about half a length to the good on the nearest horse and Queen Bess was coming up from the rear like a whirlwind. Bullman looked over his shoulder and set the favorite down for one of his great finishes. The old skate nearly ran off the treads under Bullman's vigorous finish, and from behind he heard Madge on the favorite gasping:

"Bring him back here, Mr. Bullman! I can't catch you!"

Bullman looked over his shoulder once more.

"You bet your life you can't!" shouted he. "I never throwed a race yet, and I ain't going to begin now! Go ON, you skate!"

Bullman won the race, the judges disqualified him, according to Colonel Tawms story, but be that as it may, Jockey Bullman did not ride his contract out. He was discharged as soon as the curtain fell.

6-DAY BICYCLE RECORDS IN DANGER

NEW YORK, Nov. 30.—The record for 6-day bicycle racing promises to fall by the wayside this year in the big international contest which starts at Madison Square Garden one week from next Sunday, December 3, at midnight, if the present program, as arranged by the management, is carried out, as it likely will be.

The rules governing the race have been revised to an extent and the prizes so arranged that speed will play a very important part in the struggle around the Garden's saucer track.

To begin with there will be special prizes given this year which were never before rung up. These are in the nature of lap prizes and are to be awarded afternoons and evenings to the team leading the greatest number of laps.

The afternoon prizes will be for the team which crosses the finish line in front the greatest number of times between the hours of 1 and 6 o'clock.

From 7 o'clock in the evening until 12 o'clock at night another prize will be awarded on the same principle.

The relative positions of these teams will not figure at all in the awarding of these prizes. For instance a team may be a mile behind and yet should it succeed in circling the field around the oval a greater number of times than any other team, it will win that particular prize.

This rule has more behind it than will appear at first sight, as a team which may be totally out of the race, so far as capturing any of the finish prizes is concerned, can nevertheless by five hours sprinting pull down one of the special prizes.

The leading teams in the race will be forced to keep up with the sprinters after the special prizes, who will involuntarily be acting as pacemakers.

FEARFUL GRIND.

This means a fearful grind and a heart-breaking race every afternoon and evening, no matter what the all night and early morning sessions may bring forth.

One of the great improvements in the rules which have heretofore in a measure checked the big race, relates to accidents to machines. Riders whose machines are injured are to be allowed not more than five laps, and even then the damaged machine must be shown at once to the referee or his representative, and he must be satisfied that the accident is of such a nature as to prevent the immediate remounting of the wheel in question.

The rider who is on the wheel at the time of the accident, or his partner, must be on the track again before the field has covered five laps.

Every lap over five that is lost through such a cause will be charged against him.

This rule relating to accidents to machines, and special prizes for laps, means the absolute abolishment of the loafing which characterized and, to a certain extent, marred last year's contest.

KID ABEL IS AFTER A FIGHT

NEW YORK, Nov. 30.—Joe Humphreys has another fighter whose fortunes he will manage in connection with his protectorate over Terry McGovern. The new man is Kid Abel, and he came from Chicago yesterday. He says he wants a match and will fight any of the lightweights.

Abel has fought some of the best in the business, and his record is in his favor. He has participated in more than one draw with Attell and also with Kid Herman, the clever Chicagoan who will probably meet Jimmy Britt soon.

SOME GOSSIP FROM THE TRACK

Graziallo made his Coast debut yesterday in the colors of the Columbia stables, but like many another good horse brought here from the East, his first effort was not crowned with success. With equal racing luck, the son of Rapallo would have scored. Judge got off flying and was never headed, although Graziallo got up dangerously close in the final strides. Knapp attempted to crowd through on the rail and claimed a foul against Trubel, who rode Judge, but it was not allowed.

* * *

The first race of the afternoon was captured by Iron Watson at the tempting odds of 12 to 1. Merry-Go-Round came in second, and Abe Meyer third. Jilliette was favorite, but made an indifferent showing, despite that she got off in a rear position.

* * *

Yellowstone looked like a "moral" in the second race, but the unexpected happened. Holly Berry, a six-year-old mare by Brutus and 25 to 1 in the betting, assumed the lead early in the race and won by the best part of a length. Prestano beat Yellowstone a neck for third money.

* * *

Bountiful was a slight favorite over Metlakatla and Mafalda in the third race, at seven furlongs. Dora I went to the front as the barrier rose, and won out by half a length from Warte Nicht, who ran an unexpectedly good race.

* * *

Bannock Belle was a joint closing favorite with San Primo in the fourth race, at one mile and twenty yards. San Primo ran Nahonasser to the ground the first half, and won in a gallop from Bannock Belle. Miller's Daughter made a poor showing and finished last.

* * *

Pickaway was the choice of the talent, but Procrastinate killed him off and looked all over the winner in the run through the stretch. He tired in the final strides, and Matt Hogan, coming very fast, won by a head.

* * *

C. C. Durnell will arrive in the near future with such useful performers as Israelite, Brother Frank, New Mown Hay, Lodus and Prince Silver Wings.

* * *

F. A. Meyer, the New York plunger, got in from Los Angeles yesterday.

* * *

An Easterner, in speaking of the conditions here, says that he is not a bit surprised at the brisk play in the books so early in the season. "I was in San Francisco during the panic," he said, "and while merchants and others were howling for money, gold pieces were plentiful around the race track. The Californian will bet his money, and he does not grumble over his losses, nor is he excessively elated when he wins."

* * *

Ed Boule, who came from nowhere in the financial world a brief spell back, is having considerable success in his book at Emeryville.

* * *

The association will hang up a special $1000 purse for a five-furlong scramble to be run on Saturday, December 9, the same date on which the Crocker selling stakes come up for decision. The idea is to bring together Cruzados, Bearcatcher and all of the fast ones.

* * *

The California Jockey Club's stake book is out. There will be some great racing here before the end of the season.

* * *

Abe Levy, the well-known member of the "Mets," left New York last Sunday night and is on his way here. He will come via Los Angeles, where he will stop over a time to attend to some business matters.

* * *

"Hold on Jimmy," one of the assistant starters, seems to have cramps in his hands. Sometimes when he gets hold of a favorite's bridle he can't let go.

* * *

Bob Fleming and Ed Mervin, who were with Bill Jackman al summer, "cut in" at Oakland yesterday.

* * *

M. D. Miller, who is now at New Orleans, will be here after the first of the year. Jockey Joe McBride has charge of Miller's string here. He will start Supervision some time this week.

* * *

Billy Oliver will be up Saturday night. He comes to help Mr. Meyer make arrangement for the shipment of his stable here.

* * *

Charley White, the well-known sporting man, arrived from Chicago. He is interested with C. D. Bibbins in a book at Emeryville.

* * *

The Imperial and Falstaff clubs, owned by C. D. Bibbins, have been very fortunate, and up to date neither book has reported a serious day.

* * *

Arthur Redfern, the famous jockey, will be here this winter and will ride for "Boots" Durnell. This announcement was made officially at Emeryville yesterday. Arthur is well again, having completely recovered from the injury that put him out of commission for some time.

* * *

"Canada Jack" Adkins has not been very lucky up to date in his speculations. He plays them daily, but his returns have not been very remarkable. Adkins has a nice string and he expects to get them ready for racing in about a week or two.

* * *

Jake Holtman is having his own troubles just now. On Saturday Silver Sue and Comlifo were left at the post, on Monday Haviland, in the last race, was left, and Tuesday Tom McGrath, another favorite was beaten when the barrier went up. These unfortunate occurrences may not have been Holtman's fault—in fact, the leaving of Silver Sue was due to Comlifo's murderous—but visitors want to see their horses get away and give them at least a run for their money. Many horsemen are criticising the latitude given the assistant starters. Haviland had one of these hanging on the bridle when the barrier went up. Another horse was badly cut by the butt end of a whip last week. It is an almost unanimous opinion among owners that the movement toward doing away with, or at least curtailing the use of whips at the barrier, is a step in the right direction.

There is no question but that a great deal of the nervousness shown by horses at the barrier is due to the fact that they know the minute when they get to the tape a whip is cracking over their backs. Starter Cassidy believes in doing away with whips and bringing the horses to the barrier on a walk. It may be that he is right.

LOCALS LOSE ANOTHER GAME

ZURBRICK TO FIGHT TOM TRACEY

PORTLAND, Nov. 30.—Direct from Los Angeles is Warren Zurbrick, the New York boy, who has signed articles to fight Tommy Tracey before the Vancouver Athletic Club next month. Zurbrick has had four fights in the City of Angels, three of which he won on knockouts and the last of which was a draw, a ten-round affair with Kid Gorman, who was much the heavier. Accompanying Zurbrick is J. Hutch, who trained Tommy Burns, and who will look after Zurbrick while he is getting into shape for Tracey.

"Los Angeles is a good town for the fighter," said Zurbrick. "Next to San Francisco, it is the best in the business. The Hanlon-Herrera fight drew a $7500 house, and all their matches are drawing well. Jack Sullivan, after talking about fighting Tommy Burns, absolutely refused to sign up with him. He gave as his reason that he had been fighting heavier men than himself, and was going to stop it. Then he signed to fight Schreck at 168 pounds and wanted to go against O'Brien. He simply did not want to go against Burns. It is too bad, because it would have been a strong card. There were all sorts of opinions as to the Hanlon-Herrera match. Jeffries, for instance, thought a draw was right, while Billy Delaney thought Hanlon should have had the decision. Al Kauffman was down for the fight, and I guess he was looking for matches."

HIS RECORD.

Zurbrick has but little to say of himself. He stopped the boxing game for a couple of years while he was attending college, but has concluded to start again. The only fight he lost was to Frank Erne, on a decision in a fifteen-round battle, just after Erne had met Jimmy Britt. He will immediately start training, and when he is established will be glad to see people watch his work. He started boxing in 1902, and since then his fights have been as follows:

Tommy Kennedy, Buffalo, N. Y., won in four rounds.

George Salce, Buffalo, N. Y., knockout in eight rounds.

Joe O'Keefe, Fort Erie, Canada, knockout in two rounds.

Mike Lenard, New York, knockout in one round.

Herman Miller, Baltimore, won on foul, eight rounds.

Billy Moore, Detroit, Mich., won in ten rounds.

Kid McCarty, Fort Erie, Canada, knockout in one round.

Young Sharkey, Erie, Pa., decision, twenty rounds.

Jack Devine, Dunkurt, Pa., knockout in eleven rounds.

Jimmy Sullivan, New York, knockout in four rounds.

Young Sharkey, Erie, Pa., decision, fifteen rounds.

Frank Erne, Buffalo, N. Y., lost decision on foul, fifteen rounds.

Tommy Kennedy, Fort Erie, Canada, knockout, ten rounds.

Kid Williams, San Francisco, decision, ten rounds.

Jack Kelly, San Francisco, won in seventeen rounds.

Dick Sullivan, Los Angeles, knockout, seven rounds.

Frank Wells, Los Angeles, knockout, seven rounds.

Rube Jeffries, Los Angeles, knockout, two rounds.

Kid Gorman, Los Angeles, draw, ten rounds.

FRANK SLAVIN WILL FIGHT JOHN L.

NEW YORK, Nov. 29.—John L. Sullivan and Frank Slavin on a boxing tour over the world.

How's that for a combination of old-timers to go out and arouse enthusiasm that has been slumbering for many years, and get the money?

Well, it sounds good, and if a letter from Slavin to a friend in New York is to be regarded, it is a strong probability. Frank, who is in the Klondike, unless he has departed from the goldfields quite recently, says he is under contract to give boxing exhibitions with John L., and that it will not be many moons ere he sets foot in this city. Sullivan, who is now doing stunts in a show out West, will probably join the Australian mere.

Slavin writes further that the chances are that he and the ex-champion will begin their tour in England. This is a good plan. The Colonial was never very popular in this country and we are just a little weary of the venerable John L. Lots of sentiment is still stirred at the mere mention of the latter's name, and he has friends in hosts who are always ready to help him, but it would be just as well for him to go after some of the puns, shillin's and pence in Merrie England.

Slavin, even in England, was not nearly so popular toward the close of his stay as he might have been. Success turned his brain and he rapidly quitted England as poor in pocket as when he first landed from Australia. His memory has been kept green in the mother country chiefly on account of what many of the sporting writers consider the greatest glove contest of modern times, the tremendous battle with Peter Jackson in the National Sporting Club in London.

It was generally thought that this contest took all the fight out of both men. They both came to America and got soundly trounced more than once. Slavin went broke over here and finally announced his intention of working his way to the Klondike. This he did, and according to reports he made money. He left behind him in England his wife and two children, and it is said to his credit, that he has taken care of them.

Any woman who is the architect of her own fortune sees that it is well supplied.

"DON'T WORRY," SAYS WICKSON TO ALL

Professor Puts Quietus to Report About Illegal Action of University Farm Commission

BERKELEY, Nov. 30.—Professor E. J. Wickson, member of the State commission appointed to select a site for the university farm, has pronounced false a report which has been given wide circulation in the rural districts of the State to the effect that the commission contemplates taking action in the matter of selecting a site which will be in direct opposition to the Legislature's provisions for the farm.

It has been declared by many persons, apparently, that the commission has under consideration sites for the farm which could not possibly be regarded as within the conditions imposed in the legislative act appropriating money for the farm. The act specifically required that no tract of land shall be bought for university farm purposes, "for the irrigation of which a system has not already been provided, or for which a water right is not purchased or procured at the time the land is selected."

The wise men in the rural districts have observed what they believed to be preparations on the part of the commission to buy a university farm site which could not possibly be regarded as having an "irrigation system already provided," and so have spread the report that the commission was, knowingly or unwittingly, about to render null and void the proceeding of the commission.

"Let all the people who are worrying about the matter be at peace," said Professor Wickson today. "The commission has full cognizance of this irrigation provision in the act, and the members believe they know what that provision includes. There may be room for argument, however, as to what constitutes an 'irrigation system already provided.' Some might insist that the opportunity to take water from ditches constituted an irrigation system already provided, while others might contend that a more elaborate irrigation system was meant. The commission supposedly will be guided by legal advice on this or any other points that may seem to require such counsel. I will look at the sites offered, and make my report, as requested, to the commission probably some time in January next."

TESTS OF MILK AT THE UNIVERSITY

Assistants to Drs. Jaffa and Ward Appointed—Character of Work.

BERKELEY, Nov. 30.—The milk analyses for the San Francisco Supervisors are soon to begin at the University of California. Three assistants, appointed by Professors Jaffa and Ward, who will collect samples of milk for analysis by the two professors in question, were taken to the Walnut Grove sanitary dairy today, and given instructions by Dr. Ward regarding their duties. These three men are E. A. Lloyd of the Sherwood Valley dairy of Mendocino county, C. H. Vancander, a former instructor at the university, a chemical expert, and J. Reynolds of the chemistry department of the Agricultural College of Tennessee. They will do the field work, collecting samples of milk. This work is to commence next Tuesday.

Professors Jaffa and Ward are to make analyses of milk sold in San Francisco, and their reports are to include the results of both chemical and bacteriological analysis, the former to be made by Dr. Jaffa and the latter by Dr. Ward.

NEW MINISTER PREACHES AT UNION SERVICE OF BERKELEY CHURCHES

Rev. L. A. McAfee Delivers Thanksgiving Sermon---Worshipers Meet.

BERKELEY, Nov. 30.—All the Protestant churches of Berkeley united in Thanksgiving services this morning, in the First Congregational Church. The spacious edifice was crowded when Dr. Hopkins, pastor of the church, arose to introduce Dr. Lapsley A. McAfee, pastor of the First Presbyterian Church, who delivered the sermon of the day.

Dr. McAfee recently came to Berkeley from Arizona. There was a great deal of interest evinced by the congregation this morning in his address and personality, and the verdict of all was apparently most favorable, the new minister impressing his hearers as a deeply spiritual, scholarly and cultured minister.

Special music was rendered at the service this morning by a large choir.

The offering for the poor of Berkeley will be administered by the Berkeley Benevolent Society.

SPECIAL MUSIC FOR UNITARIANS.

There will be special music at the Unitarian Church for Thanksgiving Day services during the 5 o'clock vespers.

PRESIDING ELDER TO PREACH.

Rev. J. A. Batchelor, the presiding elder of the San Francisco District of the M. E. Church South will preach a Thanksgiving sermon at the Epworth Church, corner Telegraph and Durant avenues, tonight at 8 o'clock.

DELICACIES FOR THE POOR.

Following its custom of former years, the Berkeley Benevolent Society last week distributed among the schools of the town barrels for collecting contributions from the school children for the poor of Berkeley.

Yesterday the barrels were collected and were found well filled with foods, fruits, nuts, poultry, clothing and holiday offerings of every kind.

ALUMNI REUNION.

ALAMEDA, Nov. 30.—At a meeting of the executive committee of the Alumni Association of the Alameda High school at the home of the secretary, B. G. Elliot of 1238 Broadway, it is was decided to hold a reunion of the Alumni and reception to the graduating class of December, '05, at the assembly hall of the High School on Friday evening, December 15th. At the same time the annual election of officers will take place. The affair will be made a social event, and a large attendance of graduates is expected. Dr. A. W. Scott, a former principal, now principal of the Girls' High School of San Francisco, is to be present.

It is probable that a discussion will be taken up at the meeting of some plan to take up active work, enlisting interest in a project to build up the High School library, to work for a children's playground, or to give a scholarship in the University of California. Last year the association gave a reception to Dr. Thompson, the High School principal, which proved a great success.

The present officers of the Alumni Association are: President, Dr. William R. Bacon; vice-president, Mrs. W. H. Souther; secretary-treasurer, B. G. Elliet; executive committee—Mrs. Angelo, Miss Agnes Frisius, Edward Horrisberger, Ira W. Kibby, Fred Linderman, Miss Beulah Potts, Miss Alice Weymouth.

The executive committee of the association has named the following to serve on the reception committee at the reunion: Miss Violet Turner, December, '95; Miss Elsa Kuhls, December, '95; Maurice Green, December, '95; Stephen Otis, June, '04; Alexander Mackie Jr., June, '04; Miss Minnie McKean, '83; Miss Mabel Gallego, December, '90; Miss Annie Keegan, June, '97; Miss Gertrude Bruns, December, '04; Miss Mary Pond, June, '99; Arthur Rader, December, '04; Fletcher Slosson, December, '04; Miss Rose Schmidt, June, '04; Miss Blanche Tisdale, '94; Edward Horrisberger, June, '98. The last mentioned will have charge of the punch bowl.

WON FIRST PRIZE.

ALAMEDA, Nov. 30.—Donald A. Cohen of this city, a well known local fancier, has won first prize for two fine birds shown in the big poultry exhibition of the California Poultry Association across the bay. These were a hen and yearling cock of buff turkeys. The birds are also to be exhibited in the poultry show of the Alameda County Poultry Association, which is to open, with over 700 entries, next Tuesday in the Armory of Company G, N. G. C., on Park street.

JAP TAKEN IN.

ALAMEDA, Nov. 30.—T. Shushi, a Japanese, who rode his bike on the sidewalk, was arrested on Buena Vista avenue by Night Sergeant J. E. Hadley for infraction of the ordinance and obliged to put up $3 bail. Shushi tried to outwit the patrolman, and instead became involved in the meshes of the law. While riding on the walk he tried to pass the policeman, when the latter ordered him to take the street. He did so, but when a block further down the avenue again rode on the sidewalk. Hadley followed the little brown man up and arrested him for violation of the ordinance.

WHIST GAME.

ALAMEDA, Nov. 30.—At the last monthly whist tournament for the year of Spruce Camp No. 133, Woodmen of the World, in Woodmen Hall, the prize winners, with the scores made, were as follows: Charles Hanoner, 153; Mrs. Jennie Walsh, 146; H. Jackman, 143; Dr. Schmits, 142; N. Olsen, 141; Mrs. E. Weber, 138; B. L. McFarland, 137; J. H. Wilkins, 137; William Keegan, 135.

CLASS OF FRESHMEN

Pleasant Party at Close of High School.

FRUITVALE, Nov. 30.—Mrs. Shapleith of Allendale died Tuesday of heart trouble.

HIGH SCHOOL NOTES.

The party given by the freshman class at the school-rooms Friday evening last was a notably pleasant one. There were fully 100 pupils, parents and friends of the school present and a most enjoyable program was presented. In general it was a missing party, conducted by the misses, including the teachers, and including such games as guessing missing words, etc.

The school was closed Monday afternoon of this week on account of the death of the mother of Miss Louise Whitehead, one of the teachers. The pupils of the school sent some fine floral pieces and a committee of teachers, Miss O'Connell and Miss McMillan.

The school closed Wednesday for Thanksgiving, to take up again Monday. The closing exercises were a surprise party on the freshman class—something jolly to be remembered during vacation time.

WHIST.

The dramatic play and whist party given by the Young Men's Sodality of St. Elizabeth's Catholic parish November 28, in St. Elizabeth's Hall, was well attended. The play "No Peddlers Wanted" was well rendered and the following also helped to make the party pleasant:

A violin solo by Rev. Father George of St. Elizabeth's; a vocal solo by Mr. Brown of Oakland, and violin and bandourria duet by Messrs. Fred Kneier and John Kain, after which whist was played. Among the prize winners were: Charles Kretz, T. H. Bucher and August Fiedler, all of whom tied on 113; Frank Franz got 112, and G. Ladenburger 111. Other winners were L. Krieg, A. Miller, H. Dobson and Miss Kretz.

LUCKY TURKEYS

Got Good Owners on the Final Day.

ELMHURST, Nov. 30.—Court Elmhurst, No. 174, Foresters of America, will enjoy its semi-annual nomination and election of officers at its meeting on Friday evening of this week, December 1. It has also two candidates which it expects to initiate on that evening.

CLEARING.

The front of the Garcia place has been greatly improved in looks lately, by the removal of the orchard trees, which have been changed in to cord wood.

LUCKY TURKEYS.

Some pretty good scores were made during the Elmhurst raffles for Thanksgiving turkeys. Piastere Woods got one for 10 cents, and Manuel Rose got two for 30 cents—the first one for 10 cents and the next for 20 cents—in the first two games he sat into. They ate Thanksgiving dinner with thankful hearts.

THE PROUD AMERICAN.

The man is boasting.
He says America produces enough food to feed the whole world.
Having spoken he goes to the market.
And pays forty-five cents for a pice of beefsteak as big as your hand.
And thirty-five cents for a peck of potatoes.
And walks home because he has spent all his money.
It is wrong to boast.

CLUB IN SESSION

Twentieth Century Members Have Meeting

BERKELEY, Nov. 30.—The Twentieth Century Club met yesterday afternoon at the Town and Gown Club House. Mrs. Annie Little Barry, president of the club, opened the meeting with a very pleasing reminiscence of the origin of Thanksgiving Day and some appropriate quotations from our American authors.

Professor William F. Bade of the Theological Seminary delivered a most instructive and pleasing lecture on "Birds."

Many musical numbers were given during the afternoon, all suggestive of the subject of the day.

Mrs. Fred Clark, in her usual pleasing manner, sang "Where Sparrows Falleth." The club sextet received its usual hearty applause.

Mrs. Merrill's reading, "A Bird's Courtship," by John Burrows, was one of the gems of the afternoon. Following, Miss Farran rendered a very touching violin solo with piano accompaniment by Miss Johnson. The president then invited all to partake of a "cup o' tea" and dainty refreshments in the tea room.

LOOKING FOR SOLACE.

"Charley, dear," said young Mrs. Torkins, "we have one satisfaction."

"What is it?"

"The money you have given the bookmakers at the races means that much less for wicked insurance directors and trust promoters."—Washington Star

BIG HOTEL PROJECT IS APPROVED

Berkeley Chamber of Commerce Committee Announces Result of Investigation.

BERKELEY, Nov. 30.—A highly favorable report regarding the new tourist hotel project at Claremont has been prepared by the Chamber of Commerce committee, appointed to examine the project. The report to be submitted to the Chamber of Commerce is as follows:

"Berkeley very much needs at least one strictly first-class, up-to-date hotel. It needs three or four, and it is high time we make a beginning. We have waited long for someone to take the initiative, and now, when the opportunity is offered, we should all do our very best to make the undertaking a pronounced succes.

"The Ballard place, situated on Claremont avenue, adjoining the Garber ranch, comprising fourteen acres, has been secured, bought and paid for by Louis Titus, as a site for a tourist hotel and a large part of the needed capital has already been subscribed.

"It is an ideal spot for a tourist hotel. Go where you will, no finer site will be found. It is not only the site, but also the large amount of valuable improvements—work of the landscape gardener and home builder—that makes the property especially valuable for this purpose. The Ballard house, burned some years ago, was an elegant mansion, and the extensive and highly improved grounds were the beauty spot of the Berkeley hills.

"It is in a warm, sunny, sheltered nook, on an eminence commanding grand views, with hills and forest for a setting. But it is also the thing itself: the beautiful grounds, grand old oaks and other handsome trees, including sequoia, redwood, pine, cypress, laurel, elm; ornamental trees, shrubs and plants; graveled drives and walks, lawns, flowers, gardens, hedges, green-houses; a babbling brook coursing down its little canyon; secluded dells.

"There is a complete gas plant; an independent water right and water system, with an ample supply; large and well appointed stables and other out-buildings. In short, while there are many possibilities for beautifying, improving and extending the grounds, the situation is complete as it is—everything but the hotel buildings; even the substantial brick and rock foundations of the mansion are intact and good as far as they go.

"The real estate dealers of Berkeley agree that the fourteen acres of ground alone, without the improvements, is well worth the $42,500 which Mr. Titus paid for it, and he turns it over to the hotel company at the price he has paid for it. There will be absolutely no commissions, no rake-offs, in this enterprise.

"We recognize that this action of Mr. Titus is that of a public benefactor of no small proportions. We especially invite and urge every Berkeley citizen who can do so to take stock in the enterprise and to get others to do so. Berkeley bankers, business men and real estate dealers are taking an active part in this matter."

F. M. SMITH TO PAY ANY DEFICIT IN FUND

BERKELEY, Nov. 30.—The University of California is about to establish a symphony orchestra of professional musicians beginning on Thursday afternoon, February 15, at 3:30 o'clock, and continuing every second Thursday afternoon until the end of April. The series of symphony concerts will be given in the Greek Theater by an orchestra of fifty pieces, with Dr. J. Frederick Wolle, professor of music in the University of California, as conductor. Reserved seats for the series will be $5, and unreserved seats on the concrete piers above the center will be $3.

The university could not have undertaken the considerable financial responsibility of such a series of symphony concerts had it not been for the general cooperation of F. M. Smith of Oakland, in offering to serve as guarantor for the series. It is earnestly hoped by the university that the public will respond to the opportunity of hearing noble musicians in these concerts, so that the series may be self-supporting.

For the first series Professor Wolle has selected six symphonies. Each of these will have something in them of beauty and charm for a public so appreciative of music as that of California.

Each program will include also three or four orchestra numbers. The aid of the best professional musicians in San Francisco will be sought for the organization of the orchestra. The university gives the use of the Greek Theater, or in case of rain, the Harmon gymnasium, the services of Professor Wolle as conductor, and the aid of the musical and dramatic company in undertaking the administrative work connected with the series.

A PROMISING BOY.

"My boy," said the frenzied financier, "you must remember that you can't eat your cake and have it."

"But, father," the young man commented, "surely I can keep my own cake and eat the other chap's?"

The light of a great joy shone in the father's eyes. He foresaw for his son a splendid future. Seldom, indeed, had he heard the vital principle of high finance more trenchantly laid down.—Philadelphia Bulletin.

SCHOOL EXERCISES

Grammar Pupils' Thanksgiving Work.

HAYWARD, Nov. 30.—The annual mask ball of the Hayward Fire Department, Thanksgiving eve, was a great affair, fully up to its predecessors. There was a great crush in the way of attendance, many merry maskers, and a thoroughly enjoyable all around.

FOR THANKSGIVING.

Some of the scholars of Hayward grammar schools had a portion of their Thanksgiving in the school rooms. The seventh and eighth grade rooms both gave entertainments that were entertaining—all the product of the scholars themselves, with scarcely any help. The mere programs give scarcely any idea of how entertaining they were.

In the seventh grade the "blackboards (which are green) were nearly covered with large and well drawn handsome pictures appropriate to the holiday, and all the work of the scholars without help. The following program was well rendered:

Song, "Thanksgiving Day," by the school; concert recitation, from "Hiawatha;" reading, "President Roosevelt's Proclamation," Manuel Frates; "Turkey Song," by some of the boys; reading, Anna Jacinto; "Wish-bone Song," by some girls; address, H. C. Petray; school paper, Oscar Lillibridge; song, "Jack o' Lanterns," by school.

The school room was plentifully decorated with yellow pumpkin jack o' lanterns, lending appropriateness to the song, the window shades being drawn.

The blackboard decorations were by Oscar Lillibridge, Aimee Creelman, Hazel Fish, Angelina Vierra, Charles Kilgore, Eunice Kilgore.

The roll of honor for this month bore the name of Lulu Mauser, Maud Russell, Julia Winton, Ada Spence, Lawrence Thurman, Gladys Powell, Henry Petray, and Rose Gibson.

The exercises of the eighth grade were held in the forenoon, so that both grades could have the pleasure of Prof. Petray's company. The exercises of the eighth grade were according to the following program:

Thanksgiving song; "The Origin of Thanksgiving," Marie Swanson; "The Puritan Proclamation," Charles Foote; Helen Jackson's "November Poem," Bertha Jensen; "I'm Going Back to Grandpa's," Arthur Toyne; "President Roosevelt's Proclamation," Harry Grindell; song, Eighth grade; "The Huskers," Elva Smith, "The Pumpkin," Drummond Browning; "Old Aunt Mary's," Grace Bell; read—Principal H. C. Petray.

MORE FLATTERING.

Miss Ethel Barrymore, at a dinner in Minneapolis, described a very beautiful and very poor English girl.

"Perhaps an American millionaire will marry her some day," she said. "I sincerely hope so. She is 25 now. But at least, if she doesn't get many proposals, she is extremely popular.

"A rich heiress of rather forbidding aspect was talking to her one day.

"'I had five offers of marriage last week,' the heiress said complacently.

"'You are more fortunate than I,' returned the pretty girl. 'I only get declarations of love.'

ON THE CAMPUS

Notes Gleaned at University Centers.

BERKELEY, Nov. 30.—The competition for the Bonnheim discussion prize will be held in Hearst Hall at 8 o'clock on Saturday evening, December 9. There will only be two contestants—Henry Squire and Dan Hadsell, winners of the dissertation prize. Further information may be secured from Professor C. M. Gayley, chairman of the Bonnheim prize committee.

The department of civil engineering is in receipt of a very interesting and valuable gift from the San Francisco office of the American Bridge Company. The gift is a complete set of plans of the steel work in the new Flood building in San Francisco. These plans are very valuable to the library department, which has lately been considerably enlarged by the number of gifts from friends of the university interested in civil engineering.

The lecturas of the Y. M. C. A. of Berkeley which were scheduled for December 5, January 2, January 23 and February 21, at Shattuck Hall, will, owing to the destruction of the hall by fire, be given in Hearst Hall, President Wheeler having consented to the use of Hearst Hall as there is no other in Berkeley large enough to accommodate the number of people holding season tickets to the lectures.

The column of heights gives the elevation of each tide above or below the plane of Coast Survey Chart Soundings. The numbers are always additive to the chart depths unless preceded by the minus sign or dash (—), when the numbers are subtractive from depths given on the chart.

ELECTION WILL BE HELD

TRUSTEES DECIDE TO GO AHEAD WITH ANNEXATION SCHEME.

POINT RICHMOND, Nov. 30—Further proceedings of the Board of Town Trustees not given in yesterday's issue were as follows:

Ordinance No. 30, the business license ordinance, was brought up for second reading and on motion passed by a unanimous vote.

Ordinance No. 31, pertaining to streets and sidewalks, was also read the second time and passed.

A resolution appointing Harry Stevens night watchman, at a salary of $30, was introduced and the same adopted.

Then came the wrangle over the matter of annexation, which lasted for more than an hour. City Attorney Satterwhite maintained the proceedings of the board were regular in every particular, and according to the letter of the law. His opinion was verified by Attorney C. A. Odell, who stated that he had consulted Judge Tinning, District Attorney R. V. Alvarado and R. H. Latimer, all of Martinez, on the subject. Trustee Frank Critchett had also gone into the matter with San Francisco lawyers, and maintained the same idea. Trustees Garrard and Babcock, while they had consulted nobody other than the city attorney, were quite positive the board was traversing safe ground.

President Curry and Trustee Kenny took an opposite view. Both believe the board has no right to annex any but platted ground. The controversy came up on motion to instruct the City Clerk to procure election supplies. The motion carried, Trustees Garrard, Critchett and Babcock voting in the affirmative, and Trustees Curry and Kenny voting "no." The board adjourned until the next regular meeting.

CHANNEL NEARLY DONE.

The work of dredging a channel through San Pablo bay is nearing completion and it is stated that within a month the government contract will be fulfilled. Only one section of mud now remains to be removed and one of the tugs engaged in towing the mud lighters will be relieved from duty within two weeks. The dredging of the channel has been going on for several years. The channel is ten miles in length and 300 feet in width, and will permit of the passage of warships of heavy draught to the navy yard at Mare Island.

BRIEFLETS.

Revision of the Supervisors districts of the county is again being agitated. District No. 1 has a larger territory, population and assessed valuation than the other four districts combined. A readjustment of the districts will probably be taken up by the present board, as it certainly should be.

The date of the institution of the Knights of Pythias lodge at Martinez has been changed to Saturday evening, December 9. A large number of Knights from various lodges in the county, including Black Diamond, will attend the ceremonies.

The rain yesterday was a soaker. It left a great quantity of snow in the mountains and the lack of water at the electric juice sources will be thoroughly relieved. The rain was general throughout the State and was worth lots of money to the ranchers.

The steamer Winnebago, in the service of the Standard Oil Company, sailed yesterday for Shanghai with a cargo of oil.

Dr. Louis Kennon, a brother of stenographer J. L. Kennon, together with his wife, is here on a visit from Napa county. Dr. Kennon is county veterinary surgeon of Napa county.

HIS PICTURE GOES IN HAYWARD LIBRARY

G. W. TOYNE IS TO BE HONORED

HE HAS DONE MUCH FOR THE COUNTRY TOWN.

HAYWARD, Nov. 30.—A beautiful crayon portrait of Ex-Library Trustee Geo. W. Toyne is to be hung in the new Carnegie Library building, as a fitting recognition of his services in instigating and organizing the Free Library of Hayward.

Over forty of the leading citizens of Hayward recently united in a subscription paper for the making of the picture and the hanging of it.

Among them were: Chas. W. Heyer, Mayor; J. McNally, Henry Payott, Bank of Hayward; John E. Geary, Leander Lineklin, H. Friedlander, J. B. Lewis, Wm. Dale, C. Nelson, G. W. Kavanaugh, Town Trustee; T. G. Nunes, D. Chisholm, F. F. Allen, G. A. Oakes, C. P. VanDyke, R. Reid, Peterson Bros., Peter Hansen, Ramos Bros., J. T. Machado, Nells Quist, E. B. Haas, W. T. Allen, W. J. Garvin, Victor Lagrave, John W. McCoy, T. F. Kelly, H. E. Brunner, H. J. Stoner, Jesse H. Woods, Geo. F. Fisher Co., J. Atkinson, F. Mitchell, P. J. O'Leary, A. DeCamp, Fred Meinken, A. Allen, C. Allen, J. Lamon, J. Rosamond, F. Heald.

For twelve years Mr. Toyne has been a persistent and at times a strenuous supporter of free library facilities, from whatever source they could be had.

The picture, recently finished by Bushnell, is now on exhibition in the show window of Roger's drug store, awaiting the action of the Board of Library Trustees, to whom the petition for its hanging has been presented.

Mr. Toyne is a member of organized labor, being president of the local union of Carpenters, No. 815, as well as vice president of the Alameda County District Council of Carpenters, which recognizes the need of education and libraries for laboring men.

G. W. TOYNE.

SOCIETY IS GIVEN BIG SHOCK

ARMY WEDDING IS POSTPONED AT SPOKANE AT LAST MOMENT.

SPOKANE, Wash., Nov. 30.—Army circles and ultra swell society of Spokane are dumbfounded at the announcement that the marriage of Miss Carolyn Richards, a daughter of J. P. M. Richards, a prominent banker of this city, and Lieutenant George Rockwell of Fort Wright has been postponed until next summer. The wedding was to have occurred about the middle of December. Cards have been printed, formal announcement had been made of the date, the bridesmaids, groomsmen and clergyman selected and last week a great reception in honor of the bride to be was given at the leading hotel.

Rockwell is the nephew of General Chaffee. The reason given for the postponement of the wedding is that the General is to retire and the plans of the young people, which included a honeymoon to Washington, visiting the uncle and others, had been disarranged by the War Department changes. The four bridesmaids were preparing their gowns and they were said to be the most elaborate and costly ever turned out by a Spokane dressmaker. Many of the wedding presents have already been engraved.

Coming on the heels of the disgrace of Lieutenant McClelland, who was charged with misappropriating company funds and other irregularities, idle tongues have been wagging. Both young people are favorites. Lieutenant Rockwell has a clean record here so far as Army books show, while Miss Richards is one of the most popular society belles in the city. Lieutenant Rockwell was transferred here from the Presidio, San Francisco.

WOMAN MAKES CHARGES.

Rose Albers, a Fruitvale widow, has filed an amended complaint against Ira A. Awmar, whom she charges, through false representation and profession of religion, of having secured form her $5550. Of this amount she says all has been returned but $1550, which she now asks the court to award her. The amended complaint is filed by permission of the court, the case having already been partially heard.

RETURNED TO HER HOME.

Hazel Cruze an eleven year old girl who was taken into custody by the police as a runaway was returned to her mother in Emeryville yesterday afternoon.

PLAYS COMING TO THE MACDONOUGH

"By the Old Cross Roads" will be played again at the Macdonough theater tonight. It is an interesting play.

HAVERLY'S MINSTRELS.

Fred Russell and Billy Beard will cause hilarity at the Macdonough on December 2 and 3 when they appear at the head of the best bunch of minstrel comedians on the road with the ever popular Haverly Mastodon Minstrels. "Nothing new in minstrelsy," has often been remarked by critical people until W. E. Nankeville, single handed, forged to the front with regular old-time minstrelsy, with everything new, with every one in black face, which was so old and forgotten it is new once more. An elaborate and praiseworthy program, eact act embellished with correct, artistic, scenic investiture, and all the old-time cheap "turns" entirely eradicated. With a company of fifty all-star minstrels, an orchestra of twenty picked artists, several magnificently staged spectacular scenes, a dozen soloists, the prettiest and funniest songs and the wittiest jokes which have ever been heard with any minstrel company, this monarch of all minstrel shows come to the Macdonough after a perfect triumph in all the cities thus far visited.

Perron Somers, George Garden, Herman Marion, Billy Pearl, Bruce Waiman, George Martin, Wharton Boyer, W. A. Wolfe, W. H. Parkerson, are names which are famous in minstrelsy, and all of them are numbered in the Haverly show.

The "Sho Gun" will play here Monday and Tuesday nights. It is said to be a great performance.

Mansfield will play at the Macdonough Thursday night.

Ben Hur will play here on the week of December 11.

THE RETORT COURTEOUS.

A barrister named Bushe was trying a case in Limerick before Chief Baron O'Grady when, in the course of the lawyer's speech, an ass began to bray loudly outside the courtroom, the window of which opened on a pasture.

"Wait a moment," said the Chief Baron. "One at a time, Mr. Bushe, if you please."

The barrister presently had a good chance to retort. When O'Grady was charging the jury the ass began to bray, this time at a greater distance from the courtroom window.

"I beg your Lorship's pardon," said Bushe, "May I ask you to repeat your last words? There is such an echo here I did not quite catch that sentence."—Exchange.

MISSIONARY MEETING.

The Woman's Missionary Society of the Fruitvale Presbyterian Church will hold an evening meeting tonight. A dialogue, "Missions and Omissions," will be given by Mrs. McKinley and Mrs. R. Hill. All are cordially invited to be present. A social hour will be given at the close. A large audience is expected.

NEW PLAN FOR CHORUS GIRLS

LATEST INNOVATION IS CORRESPONDENCE SCHOOL TO EDUCATE THEM.

SAN FRANCISCO, Nov. 30.—A correspondence school for chorus girls is the latest innovation among the Dolly Dimples of the stage. Miss Maude Muller is the originator of the idea. By means of correspondence she is endeavoring to teach chorus girls in some of the educational branches which she thinks are necessarily neglected by girls when they go on the stage.

Miss Muller already has more than sixty girls of five different companies enrolled on her list, and to them are taught rhetoric, German, French, arithmetic, ancient and modern history and penmanship.

Miss Muller started her idea last summer. She has eleven teachers in her faculty, who provide the lessons and send them to her, when she in turn sends them out to the different members of the school. The headquarters of the school is wherever the "Babes in the Wood" happens to be playing.

Miss Muller intends to establish a permanent office in Chicago, as the school is growing so large that she finds difficulty in handling it herself.

"The average girl in the chorus is often sadly in need of the rudiments of a proper education," says Miss Muller. "In most cases the girls go on the stage when they are very young and never have a chance to finish their education."

FASHIONS ON THE UPPER NILE.

Recently the British public received some late fashion hints from the upper Nile, a returned explorer reporting as follows: "The largest tribe in extent of distribution is the Acholi, which covers the greater part of the country between the Latuka mountains and the Victoria Nile. They are a fine, tall, well-built race, and they live in open villages as a rule; their arms are chiefly spears, and they spend a good deal of their time in the pursuit of game; they practically wear no clothes at all, except a small piece of skin as an apron or hung over one shoulder. Married women wear sometimes a small apron made of beads. The men and women also are fond of wearing a crystal or glass spike, about three inches long, in the lower lip. Young men are generally very smartly turned out, wearing brightly polished metal rings on their arms and legs, also a peculiar little conical cap made of felted human hair, ornamented with beads of glass or ivory. They keep their weapons in good order and always keep themselves very clean and well oiled.

"A peculiar custom in their villages is the building of a common nursery, into which the small children are stuffed at night, the small door being closed with a wisp of hay or piece of basketwork. These nurseries are usually raised above the ground and are reached with a ladder, so as to be beyond the reach of hyenas. A similar arrangement on a somewhat larger scale is made for the young unmarried girls. The huts are beehive shaped, generally very neatly and carefully built.

"A wilder and less organized tribe than the Acholi are the Lango. The young warriors wear very handsome head dresses made of cock's feathers, which resemble a guardsman's bearskin at a short distance. Another peculiar habit of the Lango is to pierce the tongue and hang a little piece of brass chain in the tip. This is the highest effort at fashion."
